

Professor Dato' Dr Mafauzy Mohamed is currently an Honorary Professor of Medicine and Senior Consultant Endocrinologist at Universiti Sains Malaysia (USM). He was formerly the Assistant Vice-Chancellor, Director of Campus, Director of Hospital and Dean at the same university in Kelantan, Malaysia. He was a Colombo Plan scholar and obtained his MBBS from the University of Adelaide, Australia in 1980. He went on to specialise in Internal Medicine, and received his MRCP (UK) in 1985. He obtained his Master of Medical Science from the University of Sheffield in 1987. He was appointed as a Lecturer in USM in 1987, and was promoted to Associate Professor in 1992. In 1996, he was admitted as Fellow of Royal College of Physicians (Edinburgh) and in 2000 he was promoted as full Professor of Medicine.

He is actively involved in the field of endocrinology and diabetes. He serves as an examiner for the

Royal College of Physicians, United Kingdom and has been invited by the International Medical University (IMU) and several universities as External Examiner for Professional Examinations at both undergraduate and postgraduate levels, and also as Masters and PhD theses examiner. IMU is fortunate to have Prof Dato' Dr Mafauzy as a panel member of the Professional Education Advisory Committee (PEAC) since 2009. He continues to serve in this committee and provides guidance and advice to ensure the programmes at IMU are of high standards.

Mafauzy is also actively involved in research and has to date obtained over 110 research grants mainly in the field of diabetes, dyslipidemia and thyroid disorders. He participated in many clinical trials, including cardiovascular and renal outcome trials, relating to diabetes and metabolism. He has supervised over 25 postgraduate students and has published and presented

numerous papers in national and international journals, and in national and international meetings. He has been Chief Editor of the Malaysian Journal of Medical Sciences, Journal of ASEAN Federation of Endocrine Societies and Journal of Endocrinology and Metabolism. He is also a council member of the Malaysian Medical Council since 1994 and is actively involved in accreditation and recognition of medical programmes by the Council and Malaysian Qualifications Agency.
