

# **MEDICAL RESEARCH COLLABORATION**

THE International Medical University (IMU) will be signing a Memorandum of Understanding (MoU) with the National Institute of Health Secretariat (NIH) to establish a close collaboration in advancing the areas of medical education and health research.

Under the Ministry of Health, NIH is a network of six award-winning research institutions: Institute for Medical Research, Institute of Public Health, Institute for Health System Research, Institute for Health Management, Institute for Health Behavioural Research and Clinical Research Centre Network.
