OBJECTIVES

- To provide exposure and awareness to all food operators on aspects of food safety and hygiene.
- To reduce the incidence of food poisoning throughout the country.

BACKGROUND

IMU is accredited to conduct the Food Handlers Training Programme by the Ministry of Health, Malaysia.

In compliance with the Food Hygiene Regulations (*Peraturan-Peraturan Kebersihan Makanan, PPKM*) 2009, it is a requirement for food operators to undergo this course at the Food Handlers Training School (*Sekolah Latihan Pengendali Makanan, SLPM*), endorsed by the Ministry of Health, Malaysia.

TOPICS

- Food Hygiene
- Food Safety
- Critical Factors of Food Poisoning
