# ABOUT THE INTERNATIONAL MEDICAL UNIVERSITY

In 1992, Malaysia was facing a serious shortage of doctors. Dr Kamal Salih, a visionary, and Dr Mei Ling Young, a social scientist with a strong interest in development, hit on a brilliant, simple idea – if young Malaysian students could not go out into the world to get the medical education they wanted and deserved, they would bring it to them. And so the idea for the International Medical College (IMC) was born. The college was officially launched on 13 April 1992 by the then Education Minister, YB Datuk Amar Dr Sulaiman Haji Daud, demonstrating the full support of the Malaysian Ministry of Education and Ministry of Health.

Changing the landscape of medical education, IMC introduced the world's first unique curriculum model that allow medical students to spend the first five semesters at the IMC in Kuala Lumpur, before moving to initially one of the five leading Partner Medical Schools (PMS) around the world.

## Gaining University Status

On 4 February 1999, IMC was granted university status and became the International Medical University (IMU), thus providing students the additional option of reading the whole medical

degree in Malaysia, graduating with the IMU MBBS. With this, IMU also became the country's first private medical college to be upgraded to a university.

Since then, IMU has grown from a medical college with five PMS offering one programme, to an internationally recognised higher education institution offering 24 programmes with over 30 world class partner universities in Australia, New Zealand, Canada, Ireland, the United Kingdom and China. It is also the first university in Malaysia that offers conventional and complementary medicine, together, with the philosophy that health is holistic.

## Healthcare and Research

In January 2010, IMU took a bold step in its plan to be a holistic healthcare provider. IMU opened its first Oral Health Centre which was quickly followed by the Chiropractic Centre in May 2010, Medical Clinic in July 2010 and the Chinese Medicine Centre in November 2010. These clinics formed the IMU Healthcare Centre which serves as a teaching site for IMU students and plays an important role in educating future healthcare professionals who understand the importance and benefits of offering holistic healthcare services. It also extends the learning experience beyond the partnerships already offered by the Ministry of Health hospitals and clinics.

While medical and healthcare-related research continues to be an area of focus, the University also places

emphasis on medical education research. To support research, the University established the Institute of Research, Development and Innovation (IRDI) in 2012.

Poised to be a significant player in biomedical and clinical research, IRDI's four key thrust areas are cancer and stem cell research, bioactive molecules and drug delivery, environmental and population health, and health professional education research.

This is also part of the IMU's vision to be a leading private Asian health educator that creates value through integrating education, research and healthcare. The current development of the IMU Hospital and a planned network of clinics is an important part of this vision and set to be completed by 2021.

## Serving the Community

One of IMU's core values is that to be good healthcare professionals, students must be moulded to be good human beings. And this includes being aware of, and sensitive to the needs of the communities in which they live and work, hence IMU's tradition of active community engagement.

Since its launch in 2002, IMU Cares programme has played an important part of University life, providing means for students and staff to engage with the community beyond the University. From small-scale fund-raising activity in 2002, IMU Cares has expanded to provide more than just financial assistance to the less privileged.

The Programme now strives to deliver healthcare, to promote health and wellness, and to prevent disease. In addition, IMU Cares has begun providing more holistic care, including medication counselling and nutritional assessment. Cases requiring further treatment are referred to the IMU Healthcare clinics, and the Khazanah IHH Healthcare Fund (KIHf) underwrites treatment costs.

IMU Cares has also looked into the education and training of caregivers, to enable and empower them to provide better care. From integration and application of knowledge and skills to interprofessional learning and collaborative practice, the programme has become a platform for experiential learning. It enables students to learn leadership, inter-professional teamwork, and to practise the values of professionalism and

ethics while making a difference to communities. One of IMU's commendable efforts was seen through its long-running Village Partnership programme which won first place; out of 63 international universities in the prestigious MacJannet Prize for Global Citizenship Award 2013. In 2013, the University also won the Association for Medical Education in Europe (AMEE) ASPIRE for Excellence Award in the area of "Student Engagement" at the AMEE conference in Prague, Czech Republic.

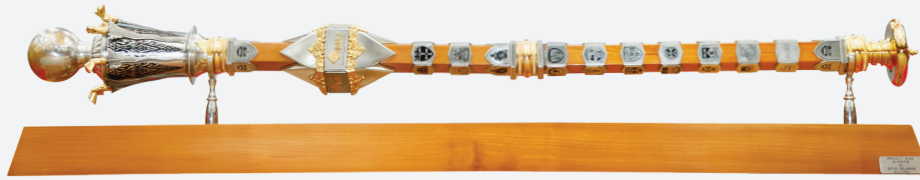

#### **Moving Forward**

Celebrating its 25<sup>th</sup> anniversary this year, the University was also awarded the self-accreditation status – by the Malaysian Qualifications Agency (MQA). This status of autonomy entitles a higher education provider to accredit its programmes except

for programmes that require accreditation and recognition of the relevant professional body. The award also demonstrates the fact that IMU consistently maintains high standards of quality and integrity in all its programmes.

As the University progresses into a rapidly changing world, where knowledge and technology is moving at an unimaginable pace, the IMU retains its vision of becoming an innovative global centre of excellence in learning and research, supporting a community of scholars and professionals committed to serving society, promoting the development of students to reach their true potential in becoming competent, ethical, caring and inquiring citizens and visionary leaders.

## THE UNIVERSITY MACE

The mace is the symbol of authority of the International Medical University (IMU). The globe at the top symbolises the international nature of the University. Gold denotes the quality of education provided by the IMU.

The seven krises (traditional Malay weapon) represent the nations participating in the international medical consortium.

The songket motif symbolises the country's cultural tradition. The bunga raya (hibiscus) is Malaysia's national flower.

The five facets of the mace stand for the five continents of the world.

The second ring consists of the logo of the IMU to signify its new charter as a University. Below the second ring of the mace are the logos of the original five Partner Medical Schools which helped start this innovative medical programme.

The original International Medical College emblems are etched on each side of the brace in the third ring of the mace. Below the third ring are the logos of the international Partner Universities involved through their medical schools in the international medical consortium.

The bottom part of the mace is carved in the shape of the Kelantanese gasing (spinning top), another symbol of Malaysian culture.

## THE LOGO

The initials IMU represent the name of the University. The strips on the "I" represent the three pillars of Innovation, Imagination and Insight. The snake and staff are the traditional symbols for medicine, which is the educational focus of the University. The colour white represents integrity. The globe stands for international connections: the IMU as a member of the International Medical Consortium, both in terms of partnerships with many well-known foreign universities, as well as its international faculty and student body. The tilted square represents the mortar board, which is the symbol of academia in relation to the community. The colour blue, in its two shades, stands for peace and harmony.

## VISION

IMU shall be an innovative global centre of excellence in learning and research, supporting a community of scholars and professionals committed to serving society, promoting the development of students to reach their true potential in becoming competent, ethical, caring and inquiring citizens; and visionary leaders.

IMU is committed to academic freedom and the principles of equal opportunity in the pursuit and application of knowledge, the highest standards of intellectual, educational and research productivity; and the establishment of a learning organisation that respects the individual.

## EDUCATIONAL MISSION

As an educational institution, our mission is:

- To further strengthen the IMU as centre of excellence for undergraduate programmes in medicine, pharmacy and other health sciences programmes
- To establish the IMU as a centre for higher education providing training through multidisciplinary programmes
- To establish the IMU as a centre for postgraduate training and Continuing Professional Education
- To train knowledgeable and skilful professionals with high ethical standards who will be dedicated to serve and improve the quality of life of the community
- To train competent professionals with the use of innovative technologies of knowledge especially ICT in the teaching-learning process

## QUALITY POLICY

IMU aims to be an innovative centre of excellence in learning and research, producing competent, caring and ethical professionals who are lifelong learners. It is committed to achieving the highest standards of intellectual, educational and research productivity.

# MESSAGE FROM THE VICE-CHANCELLOR

CONVOCATION 26 APRIL 2017

**Prof Abdul Aziz Baba**  
Vice-Chancellor  
MBBS (Melb), MRCP (UK),  
MRCP (Ireland), FRCP (Edin), AM

Graduation marks the end of one's journey and the beginning of a more important journey – the journey of life which is full of immense possibilities. The International Medical University's biannual graduation ceremonies are the most significant and meaningful occasions in the University's calendar, especially for those who are graduating.

Today's graduation ceremony sees our students getting their degrees from one of our five Schools: Medicine, Dentistry, Pharmacy, Health Sciences and Postgraduate Studies. On behalf of the International Medical University (IMU), congratulations to all these students. We are immensely proud to see all of you graduating today through your hard work and perseverance. This joyous occasion is also the time to thank your parents, partners, family and friends as the achievement of this degree is one that is seldom managed without their support.

2017 is a very significant year for the University. It is the University's 25<sup>th</sup> anniversary and these graduates will be pleased to know that they will be graduating from the first and only private Malaysian medical university to receive the self-accreditation status from the Malaysian Qualifications Agency (MQA). With this status of autonomy, the University is able to accredit all its non-professional courses. This is an honour from the agency as well as the Ministry of Higher Education, and a reflection of IMU's consistency in maintaining high standards of quality and integrity in all its programmes.

I would also like to specially congratulate the recipient of our honorary doctorate, YBhg Dato' Seri Dr T. Devaraj who was IMU's Chancellor from 2011 to 2013. YBhg Dato' Seri is among eight individuals who are honoured this year for their dedication that had greatly impacted the University's success over the 25 years. These honorary degrees are conferred in conjunction with the University's 25<sup>th</sup> anniversary.

The celebrations for our silver jubilee started with University Day on 10 March 2017. Since then, we have been celebrating the occasion with many activities, including conferences and dinner with its staff, students, alumni members as well as partners and industry experts. The celebrations will continue all year long and there will be a special Homecoming event for our alumni on 18 November 2017 and we look forward to welcoming you.

As for those who are graduating today, dedicate your lives to helping others. The degree you have earned today will give you a chance to make a tangible difference in the world. That's an exciting prospect and an opportunity to make a difference. So, grab this fantastic opportunity - go out into the world and make a difference! We would like to wish you every success as you embark on your career in an evolving exciting world of health.

Congratulations to the Graduating Class of April 2017!

# THE CHANCELLOR AND PRO-CHANCELLOR

## CHANCELLOR

**YBhg Dato' Dr Amir Abbas**

*MBBS (UM-S'pore), DTM&H (L'pool),  
FAMM, FRCP, DPMP, DMedSc (Hon) (UKM)*

## PRO-CHANCELLOR

**YBhg Dato' Dr Gan Ee Kiang**

*BSc (Hon), PhD (UWA),  
PKT, BCN, JMN, DSPN*

# LIST OF IMU DISTINGUISHED FELLOWS, HONORARY DOCTOR OF MEDICINE, HONORARY DOCTOR OF SCIENCE AND HONORARY DOCTOR OF MEDICAL EDUCATION

1996  
**Prof Ronald M Harden**  
Distinguished Fellow

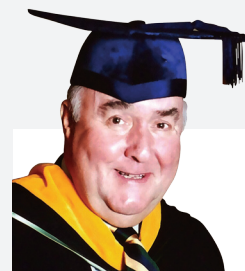

1998  
**Prof John S Beck**  
Distinguished Fellow

**Prof Dato' Dr Mafauzy Mohamed**  
 Honorary Doctor  
 of Medicine

# CONFERMENT OF THE HONORARY DOCTOR OF MEDICINE

---

---

## Dato' Seri Dr T. Devaraj

Born in Ipoh, Perak in 1924, Dato' Seri Dr T. Devaraj graduated with his Bachelor of Medicine and Bachelor of Surgery (MBBS) from the University of Malaya in 1952 and began his career as a medical officer in the Ministry of Health from 1952-59. He later obtained his MRCP and FRCP from the Royal College of Physicians of Edinburgh in 1959 and 1971 respectively. He served as a Consultant Physician for 20 years in Kuantan, Alor Setar and Penang before becoming the Honorary Consultant Physician at the Adventist Hospital from 1979-91.

Throughout his career, Devaraj's exceptional contributions and services to the medical profession and community are seen through his tireless efforts in promoting cancer awareness and the importance of palliative care. In 1992, he helped launch the hospice in Penang and has been appointed

as Vice Chairman of the Penang Hospice Society since 2001. His passion in palliative care had led him to obtain his Postgraduate Diploma in Palliative Medicine for Health Care Professionals from the Cardiff University in 1995. He is also the advisor to the Malaysian Hospice Council since 2014 and currently the Chairman of the National Cancer Society of Malaysia (NCSM), Penang Branch and board member of the NCSM National Council.

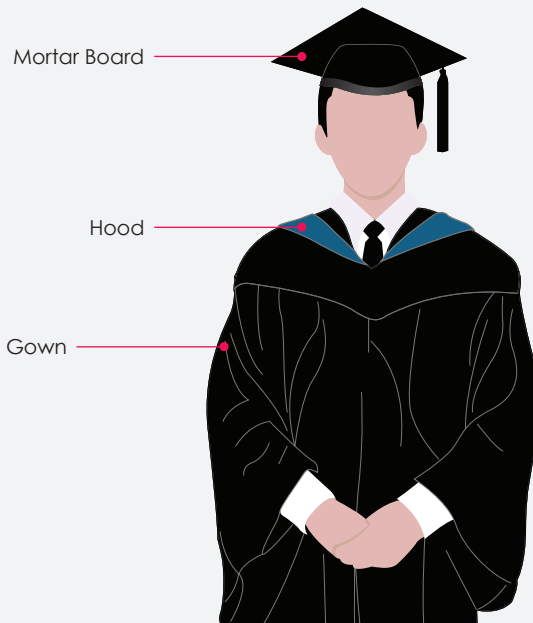

In the area of medical profession, Devaraj was an elected member of the Malaysian Medical Council (MMC) from 1979-2000 and a founder member of the Malaysian Medical Association (MMA). He was later elected as President in 1983. He was also the Chairman for the Ethics Committee from 1985-2000 and member of the MMA Foundation in 1982-2000.

Bringing change among the medical professionals, Devaraj was a role model among many physicians. He played an influential role promoting work and professional ethics and encouraged the pursuit of excellence in medical profession. He has been bestowed numerous awards from the state government of Kedah, Penang and the Federal Government for his immense service to society and nation. He was also awarded the Caring Physicians of the World award in 2005 by the World Medical Association.

In recognition of his extensive contributions towards the development and growth of medical practice and also as IMU's Chancellor from 2011-13, the International Medical University is bestowing upon Dato' Seri Dr T. Devaraj the Honorary Doctor of Medicine.

# UNIVERSITY AWARDS WINNERS 2017

## Dr John Joseph Bosco Memorial Gold Medal

The **Dr John Joseph Bosco Memorial Gold Medal** is awarded to a student graduating with the IMU MBBS who has achieved the highest academic excellence throughout his/her degree. One medal may be awarded in each graduation cohort. This award is given in memory of the late Dr John Joseph Bosco who played an instrumental role in the development of the IMU Clinical Campus.

---

**Nurliyana Mardhiah binti Mohd Fauzi**  
**Class of ME1/12**

Nurliyana Mardhiah binti Mohd Fauzi, is graduating as the top student of her MBBS (IMU) graduating class and is the recipient of the Dr John Bosco Memorial Gold Medal. She believes that it took more than just reading a textbook to be an all-rounder. To achieve this, Nurliyana was part of Student Representative Council, holding the position of treasurer where she learned a lot about managing people and resources. Apart from that, she was also an active organising committee of Kampung (Kg) Sebir Mobile Clinic project where medical students and graduates visit the village monthly to attend to the health needs of the aborigines. The complexity of human creation has always awed Nurliyana and her inquisitive nature had driven her to keep exploring this fascinating field. Apart from that, Nurliyana is blessed with family and friends that have always supported her goals and have faith in her. Last but not least, her lecturers at IMU took great effort in making sure that each of their students unleashed their full potential.

## Dr Saidi Hashim Memorial Gold Medal

The **Dr Saidi Hashim Memorial Gold Medal** may be presented twice a year to the top student of the convocating class who will be continuing their studies either to the IMU Clinical Campus or Partner Schools overseas. The gold medal award is given in honour of the late Dr Saidi Hashim Tahir, one of the founders of IMU.

---

**Sharmathi A/P Dhanapal**  
**Class of ME2/14**

Sharmathi A/P Dhanapal enrolled to the IMU/PMS medical programme in February 2014. She was a hard working student who excelled in her studies during the five semesters. Sharmathi has a keen interest and genuine desire to learn and willingness to work hard. She is self-disciplined – she did whatever needs to be done, when it must be done. She believes that she learnt more from her mistakes than from doing what is right. She was a student who had the initiative to learn by doing more than what was assigned. She exhibits the qualities of a compassionate, caring doctor who will be loved by her patients.

## Tan Sri Datuk Amar Dr Sulaiman Daud Merit Award

This award is presented to the top student of the dentistry convocating class. It is given in honor of the late **Tan Sri Datuk Amar Dr Sulaiman Daud** who was the Chancellor of IMU from 2005 to 2010.

---

**Ng Kai Ling**  
Class of DT1/12

Ng Kai Ling is graduating with a Bachelor of Dental Surgery (IMU) degree. Her outstanding performance during her studies has earned her the Tan Sri Datuk Amar Dr Sulaiman Daud Merit Award for being the top student of her graduating class and passing her final examination with distinction. Kai Ling has always been keen to learn more and apply her knowledge, always giving her best in all that she does. She did IMU proud by winning first place at the National Dental Students' Scientific Conference in 2016. She has also honed her leadership qualities being Vice Presidents of several IMU student clubs. She exhibits great competence and care in treating her patients. A cooperative, socially bold, capable, enthusiastic, energetic person who is open to new ideas and strives to improve constantly, Kai Ling has a passion for dance and sports that led her to showcase her talents at various events and winning competitions in and outside the IMU. Kai Ling has always been committed to giving back to the community through her active participation in IMU Cares and contribution to charitable homes in the Klang Valley. This multi-talented student was inspired by her lecturer, Prof Khoo SP and is grateful for all the clinical experiences gained. She hopes to continue making an impact and contribute to the society.

## Tun Zahir Merit Award

This award is given to a graduating student who has shown outstanding academic excellence in the Bachelor of Medical Sciences programme, Bachelor of Science (Hons) Psychology programme and also in one of the health sciences programmes. It is given in memory of the late **Tun Dato' Seri Dr Mohamed Zahir** who was the Chancellor of IMU from 1999 to 2005.

### Elena Chia Khim Ying

**Class I2/15**

Elena Chia Khim Ying is graduating with a Bachelor of Medical Science (Hons) (IMU) degree. She has a warm and friendly personality, which she further nurtured and developed through her academic experience at the IMU and her active involvement in the Christian Fellowship Association. She served in the committee for three years, and the experience helped her to grow in so many ways in terms of knowledge, working in a team, interpersonal skills and caring for people. During her studies, her research was on the effect of cytokines on mouse alveolar macrophages exposed to bacterial endosymbionts of environmental *Acanthamoeba* required managing two populations of live cells, up-to-date techniques and accurate timing. The success in this novel exploration has been achieved due to the passion, dedication and hard work of Elena and kind guidance of her inspirational supervisor, Dr Chan Li Li. Moreover, Elena has a supportive family and community of friends who also helped her push through the many obstacles faced during the research project. With all these, she has cultivated an inner strength over time, that perseverance and patience are *sine qua non* to achievement in life.

## Tun Zahir Merit Award

This award is given to a graduating student who has shown outstanding academic excellence in the Bachelor of Medical Sciences programme, Bachelor of Science (Hons) Psychology programme and also in one of the health sciences programmes. It is given in memory of the late **Tun Dato' Seri Dr Mohamed Zahir** who was the Chancellor of IMU from 1999 to 2005.

**Swarnaa A/P Sanmuganathan**  
**Class of PS1/14**

Swarnaa is a Bachelor's in Psychology (Hons) graduate who started her journey in IMU with the intention to pursue pharmacy or medicine. An unexpected turn of events was greeted with welcome and she soon found herself enjoying the psychology programme in IMU. Since the beginning she showed ambition, with a keen enthusiasm to learn and actively seek out different experience to grow and equip herself with beneficial knowledge and skills. Swarnaa is a responsible and mature young lady who demonstrates professionalism in her presence. In terms of performance she has always set challenging goals for herself and makes it a priority to attain them with high quality, knowing how to leverage on resources available. Swarnaa is also well known among the faculty and peers to be friendly and helpful, allowing her to be a good team player and establish lasting relationships. She has held leadership positions and have been involved in numerous projects, events and clubs within and outside the IMU throughout her academic period. Her thesis was presented at two conferences namely Malaysian Psychology Student Assembly and IMU Undergraduate Research Symposium which she won Best Poster Presentation. A person active in volunteer and social awareness activities, Swarnaa tirelessly worked on weekends as an IELTS invigilator for the British Council from her first year onwards. It is certain that she will carry along her passion for psychology and aspire to reach great heights.

**Tay Pei Shen**  
**Class of CH1/13**

Tay Pei Shen is graduating with a first class honours from the Bachelor of Science (Hons) Chiropractic programme. Throughout the duration of her studies in the IMU, Pei Shen has shown admirable qualities in critical thinking, leadership, empathy, and collaboration with her fellow cohort members. She is a well organised person who has great initiative in learning, and has always been very willing to help her cohort members in their studies. Pei Shen was also actively involved with the IMU Healthcare and community services throughout her studies in the IMU, and is able to balance well her academic and social activities. In the four years of studies, she has grown to be a good chiropractor as well as a good human being.

# THE GRADUANDS APRIL 2017

## Doctor of Philosophy in Medical and Health Sciences (By Research) Graduand

### Harvinder Kaur A/P Gilcharan Singh

Thesis Title: The efficacy of structured lifestyle intervention based on transcultural diabetes nutrition algorithm with motivational interviewing in overweight and obese type 2 diabetes mellitus patients

## Master of Science in Medical and Health Sciences (By Research) Graduands

### Chong Yie Kie

Thesis Title: Miktoarm star polymers as a nanocarrier for drug delivery: synthesis, characterisation, and *in vitro* drug release study

### Hii Ling Wei

Thesis Title: Identification of effective drugs or drug combinations targeting non-stem breast cancer cells and breast cancer stem cells

### Jeya Seela A/P Anandha Rao

Thesis Title: DNA methylation patterns induced by gamma-tocotrienol in the CD4+ T-lymphocytes and tumours isolated from a mouse model of breast cancer

### Wong Wei Seng

Thesis Title: Palm oil-based polyesteramide as functional material for solid dispersion

## Master of Science in Analytical and Pharmaceutical Chemistry Graduands

### List of Graduands for MAPC 1/15

- Tan Khaishin (with distinction)
- Muna A Othman Salem
- Yamen Al-Khateeb

## Master of Science in Public Health Graduands

### List of Graduands for MScPH 2/15

- Yap Chung Sang (with distinction)

# IMU ALUMNI

---

Congratulations for making it this far in your education and welcome to the IMU Alumni Community! Your relationship with International Medical University (IMU) does not end just because you have graduated. As an IMU graduate, you've automatically become a valued member of the IMU Alumni Community.

Being a part of the IMU Alumni Community, you can reconnect with classmates, get in touch with lecturers and mentors, participate in business and social networks, and attend (or organise!) a range of events including reunions. You may also enjoy special privileges and benefits such as special alumni discounts on continuing professional development programmes at the IMU Centre for Lifelong Learning (ICL), as well as receive updates and first-hand information on IMU news and events. The IMU experience is not just about your years on campus but beyond. Many alumni find that they carry the IMU learning skills well into their professional and personal lives.

## How Can The Alumni Contribute?

**KEEP IN TOUCH** ~ We appreciate your ongoing interest in IMU. Connect with our various social media channels, as well as the IMU Alumni website, which are all designed to help you STAY IN TOUCH with what's going on. Keep your profile up-to-date via <http://alumni.imu.edu.my> or stay tuned with us on Facebook "IMU Alumni" to stay informed of the latest happenings!

**ALUMNI SHARING** ~ Come and share your experience with the students on campus - life in PMS, working experience, guidance on specialty, research work, etc are just some of the topics that you can explore. You can even consider providing internship or employment opportunity in the future. Contact us at [alumni@imu.edu.my](mailto:alumni@imu.edu.my) to know more.

**FEATURED ALUMNI** ~ We want employers, institutions and individuals to know where you studied and where you are now. Write back to us a short story of yours anytime and anywhere. After all, WE ARE PROUD OF YOU!

You are the "living proof" of the educational philosophy promoted at IMU. Your story will be kept to be featured wherever deemed appropriate. Write to us at [alumni@imu.edu.my](mailto:alumni@imu.edu.my).

## IMU Alumni Relations Office

Established in 2002, the IMU Alumni Association (IAA) aims to develop an international network of IMU graduates and to engage alumni through the exchange of knowledge, academic ideas and professional development. The Alumni Relations Office is the point of contact for graduates of IMU. We will ensure that your time is used wisely and that your experience is rewarding. We offer a range of special alumni events, services and publications to allow graduates to stay connected to the University and benefit from networking with one another.
