17	Bachelor of Medicine & Bachelor of Surgery Graduands	47	A Partner of the World's Prestigious Universities

A Brief History of IMU

21 years ago, it was clear that Malaysia was facing a serious shortage of doctors. Dr Kamal Salih, a visionary, and Dr Mei Ling Young, a social scientist with a strong interest in development, hit on a brilliant, simple idea – if young Malaysian students could not go out into the world to get the medical education they wanted and deserved, they would bring it to them.

And so the idea for the International Medical College (IMC) was born.

Kamal and Mei Ling roped in Dr Saidi Hashim, who had helped start the Universiti Sains Malaysia (USM)'s Medical School and Prof Ong Kok Hai, also a USM colleague, to help put the plan for the school together. They in turn invited two leading medical educationists – Prof Ron Harden and Prof Ian Hart to join the team.

The six of them then put together a unique model that would see medical students spend the first 5 semesters at the International Medical College (IMC) in Kuala Lumpur, before moving to any one of the Partner Medical Schools (PMS) around the world. It was a radical idea – a world's first – that changed the model for medical education. And in the process, helped build a better Malaysia.

The IMC curriculum was unique not just in its teaching and learning

methods, but also in the fact that it was designed to be universally accepted as a Phase 1 by some of the world's best medical schools. And its unique self-directed learning approach taught students to break away from teacher dependent learning and to be responsible for their own learning.

In November 1992 – after only 2 years of intense planning and with five leading PMS on board – the IMC opened its doors to students in Jalan Selangor, Petaling Jaya.

The college was officially launched on 13 April 1992 by the then Education Minister, YB Datuk Amar Dr Sulaiman Haji Daud, demonstrating the full support of the Malaysian Ministry of Education and Ministry of Health. Since 1993, there have been 32 cohorts of PMS students, totalling 2,519 in number. Today, IMU has 29 renowned PMS, which between them offer around 240 places a year to IMU in this exciting, innovative and transformational education model.

IMC Becomes the International Medical University

From 1992 to 1998, IMC focused on Phase 1 of its medical programme – the building of its Medical Sciences programme – so that Malaysian students could transfer seamlessly to the PMS. In 1995, IMC started two

intakes, and by 1998, transferring approximately 68 students a year.

Everything changed dramatically, when in 1998, the Asian financial crisis struck. Fluctuating currencies and the massive depreciation of the Malaysian ringgit hit both parents and the Malaysian government, as they had been sending students abroad to study medicine. The scale of uncertainties was unprecedented.

To overcome the problem of potentially stranded students from our Phase 1 programme, IMC quickly put into place a Phase 2 programme to be done locally. It was the IMU MBBS. The then Minister of Education, YB Dato Seri Mohd Najib Tun Razak, now Prime Minister of Malaysia, asked Kamal and Mei Ling to fast-track the setting up of IMC's Clinical School to help solve the problems of parents as well as the government-sponsored students. IMC was invited to become a university thereby being able to award its own degrees. IMU was born.

This had vast implications for IMC – upon completion of their Phase 1, students would have a choice to transfer to a PMS or to the Clinical School to complete their education locally.

Again, with the help of Prof Ron Harden and Prof Ian Hart, both who already had key roles in establishing

the IMC, and senior medical deans Prof Michael Orme of the UK, Dr John Ruedy of North America and Prof Ian Simpson of New Zealand, collectively representing UK, North America and Australasia, the curriculum for Phase 2 and the physical design of the Clinical School were drawn up. A handful of clinicians, under the inspiring leadership of Prof John Joseph Bosco, (scheduled to be the Foundation Dean of the Clinical School), fleshed out the modern, innovative curriculum with eight outcomes, the Phase 2 curriculum. This curriculum incorporated the most forward-looking aspects of medical curricula.

The IMU Clinical School, comprising its curriculum, building and staff recruitment was completed in record time – just one year.

On 4 February 1999, IMC was granted university status and became the International Medical University (IMU), thus providing students the additional option of reading the whole medical degree in Malaysia, graduating with the IMU MBBS. With this, IMU also became the country's first private medical college to be upgraded to a university.

On 20 September 1999, the IMU Clinical School welcomed its first batch of 46 medical students. The School was located on the grounds of the Seremban Hospital, now Hospital Tuanku Ja'afar. In 2001, just 3 years after launching the programme, the IMU MBBS programme earned accreditation from the National Accreditation Board.

IMU then went on to establish teaching relationships with several other hospitals, the result of which was that IMU MBBS students were exposed, over the course of their degree, to the full spectrum of primary, secondary and tertiary care. The implementation of the "Senior

Clerkship" programme when the student in their final semester behaves like a houseman is one of the distinguishing features of the IMU MBBS programme, and one that has contributed significantly to the quality of the IMU medical graduate.

100% Medical and Healthcare Education Specialist

Well before the development of the IMU MBBS programme, the IMC was already exploring ways in which it could expand its healthcare education offering.

It introduced a twinned Pharmacy programme with University of Strathclyde in 1996, its own Bachelor of Pharmacy programme in 2004 and dentistry in 2008, which follow the IMU's unique model – a shared Phase 1 programme, with the option to complete their degree in IMU, or continue to any of their Partner Schools around the world.

Believing that health is holistic, IMU introduced the Chiropractic programme in 2010, the first of its kind in Southeast Asia. The IMU Chiropractic programme features an evidence-based curriculum, meaning the material that is taught is derived from research findings as much as possible.

IMU then introduced the Chinese Medicine programme in February 2011, where students are required to learn the basic medical sciences alongside clinical practices of Chinese Medicine. This integration is important as it combines the best of both types of medicine; students adopt and apply a scientific and an evidence-based approach to Chinese Medicine.

Completing its offering of medical and healthcare programmes are other clinically-based health professions like Nursing, Dietetics with Nutrition,

and Psychology as well as non-clinical health programmes such as Medical Biotechnology, Biomedical Science, Nutrition and Pharmaceutical Chemistry.

Since 2004, IMU has been offering postgraduate programmes, their MSc and PhD by research. And in September 2011, IMU welcomed the pioneer batch of students enrolled in the first postgraduate taught programme in IMU, the MSc in Public Health. Besides this programme, other postgraduate programme offered are MSc in Analytical and Pharmaceutical Chemistry, MSc in Formulation Science and MSc in Molecular Medicine.

Despite the variety, the different programmes share the same philosophy – to produce thinking students who are lifelong learners. IMU seeks to widen access to healthcare education, with courses that are both progressive and innovative. Its aim: to grow into a centre of healthcare educational excellence in the Asia-Pacific region.

Moving Into Healthcare

In January 2010, IMU took a bold step in its plan to be a holistic healthcare provider, with the opening of the IMU Oral Health Centre. This marked a major breakthrough for the University – for the very first time, IMU was receiving and treating real patients.

This was quickly followed by the opening of the IMU Chiropractic Centre in May 2010, the IMU Medical Clinic in July 2010 and the IMU Chinese Medicine Centre in November 2010.

Together, the four clinics form the IMU Healthcare Centre, which is unique in that it brings the disciplines of allopathic (western) medicine under one roof beside those of traditional and complementary medicine, offering

1

- 1 The International Medical College was officially launched on 13 April 1992.
- 2 In 1993, the pioneer batch of 75 students were enrolled in the medical programme.
- 3 On 20 April 1998, IMU received an invitation to become a university.
- 4 The pioneer batch of 30 students was enrolled in the IMU Chiropractic programme on 22 February 2010.
- 5 IMU Healthcare offers Chiropractic and Chinese Medicine, Dental and Medical services as well as Psychological, Nutritional and Dietary advice and counselling.
- 6 The IMU MSc in Public Health – the first ever postgraduate programme in Public Health offered by a private university – received its pioneer batch of students on 5 September 2011.

western medicine, dental services, nutrition and dietary and psychological advice, alongside chiropractic and Chinese medicine services.

The Healthcare Centre serves as a teaching site for IMU students, and plays an important role in educating future healthcare professionals who understand the importance and benefits of offering holistic healthcare services. It also allows IMU to extend the learning experience, beyond that already offered by its partnerships with Ministry of Health hospitals and clinics, and helps attract quality faculty. It is both a teaching and service innovation.

Research Focused on Medicine and Medical Education

Moving into research was a natural progression in the evolution of the IMU in its continual quest for academic excellence. IMU thrust areas for research are: environmental health, cancer biology, stem cell research, active biomolecules and cellular mechanisms, pharmaceuticals and drug delivery systems, and natural compounds and nutraceuticals.

While medical and healthcare-related research continues to be an area of focus, IMU is also making progress in a new area of research – that of medical education.

Since 2000, when research activities first started, IMU has initiated 947 research projects, consisting of a mix of undergraduate, graduate and faculty research. From 2008 – 2011, it published 568 papers, of which 281 (49.5%) were in ISI papers. These were in respected journals such as the Lancet, British Medical Journal, Cochrane Data Base Systematic Reviews, Human Pathology, to name a few.

IMU's research efforts are expected to be further enhanced when its Institute of Research, Development and Innovation (IRDI) comes onstream, which will elevate the University as a significant player in biomedical and clinical research.

An Engaged University

One of IMU's core values is that to be good healthcare professionals, students must be moulded to be good human beings. And this includes being aware of, and sensitive to, the needs of the communities in which they live and work, hence IMU's tradition of active community engagement.

Through a comprehensive community engagement programme, students, faculty and staff work with local communities, particularly those in need, to build therapeutic relationships, share healthcare knowledge through treatment and counsel and run educational programmes. Amongst these are IMU's long-running "Kampung Angkat" (village adoption) programme, its "Health and Wellness Programme", its IMU Cares programmes and its regular Health Awareness Days.

Looking Forward

Today IMU is an integrated medical and healthcare institution, offering education, healthcare and research in partnership with some of the world's most respected individuals and universities in the field of medicine and healthcare. It is Malaysia's only university focused a hundred percent on medical and healthcare education, and continues to play a significant role in nation-building.

It has remained focused on the central philosophy that guided its founders – access to quality medical education, innovation and imagination as its

cornerstone, and continuous reflection leading to insight to guide IMU into the future.

Its success stems from a lot of hard work, and the belief that everything that IMU does must draw from its core ethos of Innovation, Imagination and Insight. Innovation, to be creative and productive and to be focused on continuous innovation, Imagination to be realistic about what can be achieved and measured, and Insight to be focused on productivity and responsiveness, to be acceptable to those IMU serves.

In January 2011, IMU launched its 5-year Strategic Plan – ASPIRE, which will see the University work towards becoming a truly Learning Organisation, as envisaged by Peter Senge.

Forging ahead, IMU will have to develop an academic health centre where all the three components of education, research and healthcare will add value to each other. This will also differentiate IMU.

As it celebrates its 21st Anniversary, IMU continues to be focused on its most important role – to help mould individuals to be better people, and to be better medical and healthcare professionals.

Our Vision

IMU shall be an innovative global centre of excellence in learning and research, supporting a community of scholars and professionals committed to serving society, promoting the development of students to reach their true potential in becoming competent, ethical, caring and inquiring citizens; and visionary leaders.

IMU is committed to academic freedom and the principles of equal opportunity in the pursuit and application of knowledge, the highest standards of intellectual, educational and research productivity; and the establishment of a learning organisation that respects the individual.

Our Quality Policy

IMU aims to be an innovative centre of excellence in learning and research, producing competent, caring and ethical professionals who are lifelong learners. It is committed to achieving the highest standards of intellectual, educational and research productivity.

Our Logo

The initials IMU represent the name of the University. The strips on the “I” represent the three pillars of Innovation, Imagination and Insight. The snake and staff are the traditional symbols for medicine, which is the educational focus of the University. The colour white represents integrity. The globe stands for international connections: the IMU as a member of the International Medical Consortium, both in terms of partnerships with many well-known foreign universities, as well as its international faculty and student body. The tilted square represents the mortarboard, which is the symbol of academia in relation to the community. The colour blue, in its two shades, stands for peace and harmony.

The University Mace

The mace is the symbol of authority of the International Medical University (IMU). The globe at the top symbolises the international nature of the University. Gold denotes the quality of education provided by the IMU.

The seven kris (traditional Malay weapon) represent the nations participating in the International Medical Consortium. The songket motif symbolises the country's cultural tradition. The bunga raya (hibiscus)

is Malaysia's national flower. The five facets of the mace signify the five continents of the world.

The second ring consists of the logo of the IMU to signify its new charter as a University. Below the second ring of the mace are the logos of the original five Partner Medical Schools which helped start this innovative medical programme.

The original International Medical College emblems are etched on each side of the brace in the third ring of the mace. Below the third ring are the logos of the international Partner Universities involved through their medical schools in the International Medical Consortium. The bottom part of the mace is carved in the shape of the Kelantanese gasing (spinning top), another symbol of Malaysian culture.

The Chancellor and Pro-Chancellor

Chancellor

YBhg Dato' Seri Dr T. Devaraj

DGPN, DSPN, DJN, KMN, BCK, PKT
MBBS (S'pore), FRCP (Edin), Dip Pall Med (Cardiff), FAM (Mal)

Pro-Chancellor

YBhg Dato' Dr Amir Abbas

(DPMP), Dr Med Sc (Hon) (UKM), FRCP, DTM&H (L'pool),
FAMM, MBBS (UM – S'pore)

List of IMU Distinguished Fellows, Honorary Doctor of Medicine, Honorary Doctor of Science and Honorary Doctor of Medical Education

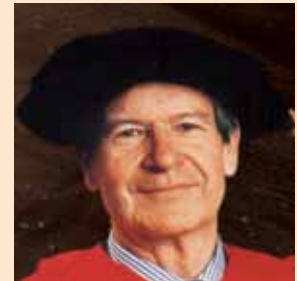

1996
**Prof Ronald
McGlashan Harden**
Distinguished Fellow

1998
Prof John S Beck
Distinguished Fellow

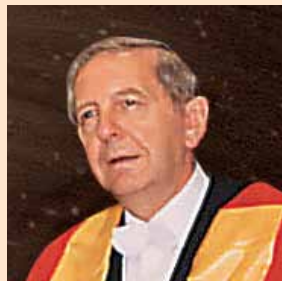

1999
**YABhg Toh Puan
Datuk Hajjah Dr Aishah Ong**
Distinguished Fellow

Prof Roger Green
Honorary Doctor of Medicine

2012
Prof John Marley
Honorary Doctor of Medicine

2012
**YBhg Tan Sri Dato'
Dr Yahya Awang**
Honorary Doctor of Medicine

Message from the President

YBhg Tan Sri Dato' Dr Abu Bakar Suleiman

MDBS (Monash), MMed (S'pore), DMedSc (UKM), DSc Hon (UPM), PhD Hon (UMS),
FRACP, FAMM, FAMS, FACP (Hon), FRCP, FRCPE, FRCP (Glasgow), FRCPI, FRCSI (Hon),
FRCSE (Hon), FAFPM, FASc, AMP (Harvard)

Convocation is a significant milestone and a memorable event in the academic life of an individual. Today is a very important and special day not only to the graduates but also to the parents, partners, lecturers, family and friends who have given support to these graduates. This is a joyous occasion that the graduates will remember fondly for the rest of their lives. Yet, it is also a solemn occasion of great tradition.

Convocation offers a time to reflect upon the milestones achieved and the challenges that will follow. It is a celebration of all your stories, a recognition of the journey that each of you has walked to be here - the sacrifices, the tears, the accomplishments and disappointments, the friendships and the bonding. It signifies obstacles overcome, goals attained and personal growth. The years of toil and labour in pursuit of intellectual excellence has brought you here today, to the gateway of all your future dreams.

I am proud to announce that among those graduating today are the first cohorts of Bachelor of Dental Surgery (IMU) and Master of Science in Public Health. I hope that for these graduates and graduates of the other degrees, whatever directions your life may take, the skills that you have acquired and developed in IMU will stand you in good stead in your working and professional life as well as in life generally.

I encourage you to make the most of your qualification through your contribution to your chosen profession and the community and wish you every success as you enter this next exciting stage of your life and career. Don't stop learning as we live in a society that now demands that we constantly update and refine our knowledge and skills. Your future will take twists and turns that cannot be predicted and you will find fulfillment in other parts of your life that are currently unimaginable.

While pursuing your respective careers, you must always remember to have a life outside your career. Take time to

enjoy nice music, travel or do whatever that interests you. Use your skills to contribute to the community outside your work as this will bring its own satisfaction. All these things will make you a better person and you will benefit greatly from these experiences. You will then be able to return to your job each day refreshed and recharged, more able to achieve your full potential and thereby increase your contribution to society.

Graduands, medical teaching has been a cornerstone of our curriculum since we opened our doors in 1992. A very important part of its corporate initiative is the University's commitment to our communities. As a responsible corporate and social citizen, the IMU, through its staff and students, has made several visits to its adopted villages, Kampung Tekir in Labu, Negeri Sembilan, Kampung Simpang Enam in Johor and Kampung Ulu Serendah in Selangor to provide health screening for its villagers. The project at Kampung Tekir won First Place in the MacJannet Prize for Global Citizenship, beating 65 other universities from all over the world. The Prize was established by the Talloires Network and the MacJannet Foundation to recognise exceptional student community engagement initiatives at Talloires Network member universities and contributes financially to their ongoing public service efforts.

2013 also sees the addition of University of Copenhagen and Queen Mary, University of London into IMU's expanding network of Partner Universities, providing an additional credit transfer option to the University's dental and medical students. This is

another feather to IMU's cap and is part of its ongoing mission to train and promote excellence in the healthcare industry.

Graduands, we are united today by a shared sense of pride in achievement. Yesterday you were students, today you become graduates, and tomorrow you have the opportunity to become leaders. The University is deeply proud of you and we hope you are equally proud to be joining our community of alumni. This is the beginning of an exciting new phase of your relationship with the University as being an alumnus offers a lifetime's value. Our Alumni Association is an invaluable resource for you as you embark on your career, with connections across all healthcare disciplines in Malaysia and overseas. I urge you to take advantage of and contribute to this extraordinary community of international alumni who all began their professional lives at IMU.

On behalf of the entire IMU community, I would like to congratulate you on successfully completing your degree and wish you all every continued success in your chosen careers and in your future.

**YBhg Tan Sri Dato'
Dr Abu Bakar Suleiman**
President

Convocation Proceedings

Saturday, 8 June 2013
Auditorium 1 & 2, 4th Floor, IMU Bukit Jalil Campus

Session One

7:15am	Arrival of Parents, Guests and Faculty	Conferment of the Bachelor of Medicine & Bachelor of Surgery (IMU)
8:00am	Arrival of Senate Members, the President and Members of the Board of Governors	Conferment of the Bachelor of Dental Surgery (IMU)
	Arrival of Chancellor	Conferment of the Bachelor of Medical Sciences (Hons) (IMU)
	Official Photography for Graduands	Presentation of the Certificate of Completion for Phase 1 of the Medical Programme
	Guests to be Seated	Presentation of the Certificate of Completion for Phase 1 of the Dental Programme
8:30am	Procession of Graduands	Presentation of Dr John Joseph Bosco Memorial Gold Medal
	Academic Procession and Grand Procession	Presentation of Tan Sri Datuk Amar Dr Sulaiman Merit Award
	Recital of Doa	Presentation of Tun Dato' Seri Dr Mohamed Zahir Merit Award
	Announcement of the Purpose of the Congregation	Announcement of the Dean's List
	Official Opening of the Convocation Ceremony by the Chancellor of the IMU	Address by the Student Representative of the Convocating Classes
	Address by the Chancellor	Adjournment
	Address by the President of IMU	9:45am Procession Exits
	Conferment of the Doctor of Philosophy in Medical and Health Sciences (By Research) (IMU)	Reception
	Conferment of the Master of Science in Medical and Health Sciences (By Research) (IMU)	
	Conferment of the Master of Science in Public Health (IMU)	

Session Two

9:15am	Arrival of Pro-Chancellor		Presentation of the Certificate of Completion for Part A of the Chiropractic Programme
9:30am	Official Photography for Graduands		
10:00am	Guests to be Seated		Presentation of the Board of Governors Gold Medal
10:30am	Procession of Graduands		Announcement of the Dean's List
	Academic Procession and Grand Procession		Address by the Student Representative of the Convocating Classes
	Announcement of the Purpose of the Congregation		Closing by the Pro-Chancellor
	Address by Vice President/Executive Dean, Faculty of Medicine and Health		Negaraku
	Conferment of the Bachelor of Pharmacy (Hons) (IMU)	11:45am	Procession Exits
	Conferment of the Bachelor of Nursing Science (Hons) (IMU) Post Registration		Reception
	Presentation of the Certificate of Completion for Part A of the Master of Pharmacy Programme		
	Presentation of the Certificate of Completion for Part A of the Bachelor of Pharmacy Programme		

The Graduands

JUNE 2013

PhD in Medical and Health Sciences (By Research) Graduands

- Dr Anthony Leela A/P Anthony Muthu
- Tiong Kai Hung
- Yap Fei Ling

Master of Science in Medical and Health Sciences (By Research) Graduands

- Chua Ming Jang
- Tan Jessie
- Mazlyn Mena

Master of Science in Public Health Graduands

MSc (Chemical Pathology) (UPM),
PhD (IMU)

Dr Arun Kumar Basavaraj

Lecturer
MBBS (B'lore), MD (Path) (R Gandhi
Health Scis), DNB (Path)

Dr Afshan Sumera

Lecturer
MBBS (Sindh), DTCD,
MPhil (Pathology)

Dr Banneheke Mudiyansele Hasini Anupama Banneheke

Lecturer
MBBS (UOSJ), Dip Medical
Microbiology (UOC),
Doctor of Medicine (UOC)

Dr Barani Karikalan

Lecturer
MBBS (TNMMU), MD in Pathology
(TNMMU)

Dr Chan Li Li

Lecturer
BSc (UM), MSc (UM), PhD (IMU)

Dr Chung Pooi Yin

Lecturer
BSc. Microbiology (UKM), MMedSc
(UM), PhD (Medical Microbiology)
(Monash)

Dr Kenny Voon Gah Leong

Lecturer
BSc (Hons) (UPM), MSc (UPM),
PhD (IMU)

Dr Kumaraswamy Chandramowleswar Kademane

Lecturer
MD (MAHE), MBBS (JSSMC, Mysore)

Dr Sunil Pazhayanur Venkateswaran

Lecturer
MBBS (B'lore), Dip in Clinical
Pathology, DNB (Pathology)

Ms Hemavathy Subramaiaam

Lecturer
BSc Biotechnology (UNISEL),
MSc Immunobiology (UPM)

Mr Wong Siew Tung

Lecturer
BSc in Biomedical Science (UM),
MSc in Molecular Biology (UM)

Ms Yap Fei Ling

Lecturer
BSc in Biomedical Science (UM),
MSc in Pathology (UM)

Dr Ananth Kumar a/I Marutha Muthu

Trainee Lecturer
MD (USM)

Division of Psychology & Behavioural Sciences

Dr Ke Guek Nee

Head and Lecturer
BA in Psychology (UKM), MA in
Psychology (UKM), PhD (Psychology)
(UKM)

Dr Abdoul Aziz Fall

Lecturer
Bac of Human Sciences (IIUM), Master
of Human Sciences (IIUM), PhD (IIUM)

Dr Chen Lee Ping

Lecturer
BCouns (UM), MCouns (UM), KB, PA,
PhD (UM)

Dr Gavin Macdonell

Lecturer
BBSc (Hons) (LTU), DPsych (Health) (LTU)

Mr Alexius Cheang Weng Onn

Lecturer
BSc (Hons), MSc (Calif State)

Mr Saravanan Coumaravelou

Lecturer
MA, MPhil (Ind), CHt (Sing) (Clinical Psychologist and Hypnotherapist)

Cik Zuhrah Beevi binti**Kunji Ahmad @ Yacob**

Lecturer
BHSc (Psych) (IIUM), MHSc (Psych) (IIUM)

Guests Lecturers

Dr Shereen Goh Giap Kah
Dr Gan Mei Ling
Dr Gopirajan a/l J Rasamy
Dr Kang Kuang Horng
