About International Medical University

In 1992, Malaysia was facing a serious shortage of doctors. Dr Kamal Salih, a visionary, and Dr Mei Ling Young, a social scientist with a strong interest in development, hit on a brilliant, simple idea – if young Malaysian students could not go out into the world to get the medical education they wanted and deserved, they would bring it to them. And so the idea for the International Medical College (IMC) was born. The college was officially launched on 13 April 1992 by the then Education Minister, YB Datuk Amar Dr Sulaiman Haji Daud, demonstrating the full support of the Malaysian Ministry of Education and Ministry of Health.

Changing the landscape of medical education, IMC introduced the world's first unique curriculum model that allow medical students to spend the first 5 semesters at the IMC in Kuala Lumpur, before moving to one of the five leading Partner Medical Schools (PMS) around the world.

IMC becomes the International Medical University (IMU)

On 4 February 1999, IMC was granted university status and became the International Medical University (IMU), thus providing students the additional option of reading the whole medical degree in Malaysia, graduating with the IMU MBBS. With this, IMU also became the country's first private medical college to be upgraded to a university.

Since then, IMU has grown from a medical college with 5 partner universities offering one programme, to an internationally recognised higher education institution offering 21 programmes with 39 world class partner universities in Australia, New Zealand, Canada, United States of America, Ireland, United Kingdom and China. It is also the first university in Malaysia that offers conventional and complementary medicine, all under one roof.

Healthcare and Research

In January 2010, IMU took a bold step in its plan to be a holistic healthcare provider. IMU opened its first Oral Health Centre which was quickly followed by the Chiropractic Centre in May 2010, Medical Clinic in July 2010 and the Chinese Medicine Centre in November 2010. These clinics formed the IMU Healthcare Centre which serves as a teaching site for IMU students and plays an important role in educating future healthcare professionals who understand the importance and benefits of offering holistic healthcare services. It also extends the learning experience beyond the partnerships already offered by the Ministry of Health hospitals and clinics.

While medical and healthcare-related research continues to be an area of focus, the University also places emphasis on medical education research. To support basic science research, the University established the Institute of Research, Development and Innovation (IRDI) in 2012. Poised to be a significant player in biomedical and clinical research, IRDI's four key thrust areas are cancer and stem cell research, bioactive molecules and drug delivery, environmental and population health, and health professional education research. This is also part of the IMU's vision to develop a comprehensive academic health centre where all the three components of education, research and healthcare will be integrated in the hospital and add value to each other.

Serving the Community

One of IMU's core values is that to be good healthcare professionals, students must be moulded to be good human beings. And this includes being aware of, and sensitive to, the needs of the communities in which they live and work, hence IMU's tradition of active community engagement.

Since its launch in 2002, IMU Cares programme has played an important part of University life, providing means for students and staff to engage with the community beyond the University. From small-scale fund-raising activity in 2002, IMU Cares has expanded to provide more than just financial assistance to the less privileged. The Programme now strives to deliver healthcare, to promote health and wellness, and to prevent disease. In addition, IMU Cares has begun providing more holistic care, including medication counselling and nutritional assessment. Cases requiring further treatment are referred to the IMU Healthcare clinics, and the Khazanah IHH Healthcare Fund (KIHF) underwrites treatment costs.

IMU Cares has also looked into the education and training of caregivers, to enable and empower them to provide better care. From integration and application of knowledge and skills to inter-professional learning and collaborative practice, the programme has become a platform for experiential learning. It enables students to learn leadership, interprofessional teamwork, and to practise the values of professionalism and ethics while making a difference to communities. One of its commendable efforts was seen through its long-running "Kampung-Angkat" (village partnership) programme which won first place; out of 63 international universities in the prestigious MacJannet Prize for Global Citizenship Award 2013. In 2013, the University also won the Association for Medical Education in Europe (AMEE) ASPIRE for Excellence Award in the area of "Student Engagement" at the AMEE conference in Prague, Czech Republic.

The University Mace

The mace is the symbol of authority of the International Medical University (IMU).

The globe at the top symbolises the international nature of the University.

Gold denotes the quality of education provided by the IMU.

The seven krises (traditional Malay weapon) represent the nations participating in the international medical consortium.

The songket motif symbolises the country's cultural tradition.

The bunga raya (hibiscus) is Malaysia's national flower.

The five facets of the mace stand for the five continents of the world.

The second ring consists of the logo of the IMU to signify its new charter as a University.

Below the second ring of the mace are the logos of the original five Partner Medical Schools which helped start this innovative medical programme.

The original International Medical College emblems are etched on each side of the brace in the third ring of the mace. Below the third ring are the logos of the international Partner Universities involved through their medical schools in the international medical consortium.

The bottom part of the mace is carved in the shape of the Kelantanese gasing (spinning top), another symbol of Malaysian culture.

The Logo

The initials IMU represent the name of the University. The strips on the "I" represent the three pillars of Innovation, Imagination and Insight. The snake and staff are the traditional symbols for medicine, which is the educational focus of the University. The colour white represents integrity. The globe stands for international connections: the IMU as a member of the International Medical Consortium, both in terms of partnerships with many well-known foreign universities, as well as its international faculty and student body. The tilted square represents the mortarboard, which is the symbol of academia in relation to the community.

The colour blue, in its two shades, stands for peace and harmony.

Vision

IMU shall be an innovative global centre of excellence in learning and research, supporting a community of scholars and professionals committed to serving society, promoting the development of students to reach their true potential in becoming competent, ethical, caring and inquiring citizens; and visionary leaders.

IMU is committed to academic freedom and the principles of equal opportunity in the pursuit and application of knowledge, the highest standards of intellectual, educational and research productivity; and the establishment of a learning organisation that respects the individual.

Educational Mission

As an educational institution, our mission is:

- To further strengthen the IMU as centre of excellence for undergraduate programmes in medicine, pharmacy and other health sciences programmes
- To establish the IMU as a centre for higher education providing training through multidisciplinary programmes
- To establish the IMU as a centre for postgraduate training and Continuing Professional Education
- To train knowledgeable and skilful professionals with high ethical standards who will be dedicated to serve and improve the quality of life of the community
- To train competent professionals with the use of innovative technologies of knowledge especially ICT in the teaching-learning process

Quality Policy

IMU aims to be an innovative centre of excellence in learning and research, producing competent, caring and ethical professionals who are lifelong learners. It is committed to achieving the highest standards of intellectual, educational and research productivity.

Message from the Vice-Chancellor

Every year, we feel a sense of anticipation and excitement as convocation approaches. Our graduating class has worked so hard to reach this momentous occasion – their convocation, a special day which culminates the years of study at IMU. I hope they will always cherish their time at this University and that their experiences here have been inspiring, rewarding and the happiest in their life. We are confident that the skills and experiences students have acquired at IMU will have prepared our graduands for an exciting future as healthcare professionals who are critical thinkers, reflective and yet proactive.

Heartiest Congratulations to all our graduands and newest members of our alumni today. This is also an important day for the parents, partners, family members and friends of the graduands, who have given their support towards this achievement. They have travelled many miles to our campus in Kuala Lumpur, Malaysia to witness this auspicious occasion.

Today is a celebration of which they are very much a part of too. In this, we are united by a shared sense of pride in achievement. This is also a time to look optimistically into the future and to share in centuries-old academic traditions.

The degree programmes that these graduands are graduating with today represent an array of academic disciplines in healthcare. One of these is the chiropractic degree programme, I am pleased to announce that our chiropractic students won first prize in the chiropractic educational institutions category at the 2015 World Spine Day competition. We are definitely proud of these students.

In 2016, the University with its new management will be continuously place various strategies to take IMU Education to the next level and the need to prepare our students to meet the changing landscape and needs of the medical and healthcare industry while nurturing ethical and caring professionals to deliver safe and effective healthcare. With this in mind, we have placed even more emphasis and importance on our Partnership with Industry programme.

In May this year, a Memorandum of Understanding (MoU) was signed between IMU and Nestlé (Malaysia) Berhad to seal a mutually-beneficial collaboration on research and product development to further enrich IMU's academic curriculum with industry input. In October last year, the University had a signing ceremony with Hiroshima University (HU). The memorandum calls for collaboration in research, staff and student mobility between the two universities.

Graduands, you will continue to be an important member of this University. The University is proud of you and welcome you to its global alumni community where its members have been making significant contributions to Malaysia and the world. Our world definitely needs energetic people like you who are committed to making life better for everyone. We hope that you will stay connected to the IMU family no matter what you choose to do next or where life takes you.

Let us now wish these young men and women all the best for their journey ahead as healthcare professionals.

A handwritten signature in black ink, which appears to read 'Aziz', followed by a horizontal line.

Convocation Proceedings

25 June 2016, Saturday
Auditorium 1 & 2, Level 4, IMU Bukit Jalil Campus

Session One

7:15am	Arrival of Parents, Guests and Faculty	Conferment of the Master of Science in Medical and Health Sciences (By Research)
7:30am	Arrival of Senate Members	Conferment of the Master of Science in Public Health
8:00am	Arrival of the Vice-Chancellor and Members of the Board of Governors	Conferment of the Master of Science in Molecular Medicine
	Arrival of Pro-Chancellor	Conferment of the Bachelor of Medical Sciences (Hons)
	Arrival of Chancellor	Conferment of the Bachelor of Medicine & Bachelor of Surgery
	Official Photography for Graduands	Conferment of the Bachelor of Dental Surgery
8:30am	Guests to be seated	Conferment of the Nursing Science (Hons) Post Registration
	Procession of Graduands	Conferment of the Bachelor of Science (Hons) Psychology
	Academic Procession and Grand Procession	Address by the Student Representative of the Convocating Classes
	Recital of Doa	Adjournment
	Announcement of the Purpose of the Congregation	Procession exits
	Official Opening of the Convocation Ceremony by Chancellor	Reception
	Address by the Vice-Chancellor	
	Address by the Chancellor	
	Conferment of the PhD in Medical and Health Sciences (By Research)	

Session Two

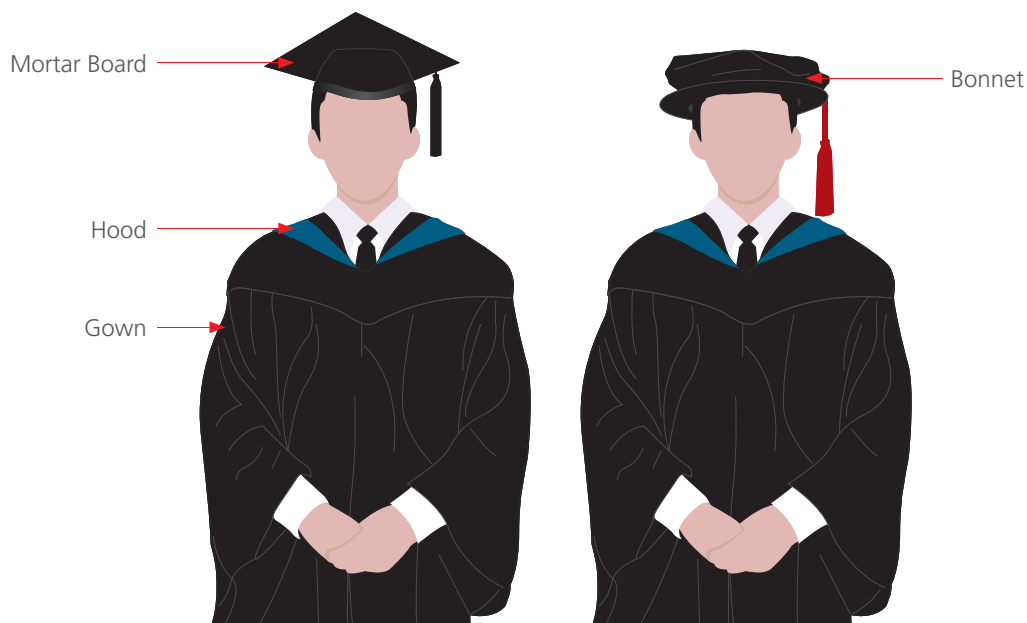

9:50am	Official Photography for Graduands	Conferment of the Bachelor of Science (Hons) Chiropractic
10:20am	Guests to be seated	Address by the Student Representative of the Convocating Classes
10:35am	Procession of Graduands	Closing by the Pro-Chancellor
	Academic Procession and Grand Procession	Negaraku
	Announcement of the Purpose of the Congregation	Procession exits
	Conferment of the Bachelor of Pharmacy (Hons)	Reception

University Awards Winners 2016

Dr John Joseph Bosco Memorial Gold Medal

The **Dr John Joseph Bosco Memorial Gold Medal** is awarded to a student graduating with the IMU MBBS who has achieved the highest academic excellence throughout his/her degree. One medal may be awarded in each graduation cohort. This award is given in memory of the late Dr John Joseph Bosco who played an instrumental role in the development of the IMU Clinical School.

Ho Yan Le
Class of C 2/13

Ho Yan Le is graduating with a MBBS IMU degree. His outstanding academic performance has gained him several awards, including Prof Guan Chong Book Prize in Surgery for high achievement in surgery, the prestigious Dr Saidi Hashim Memorial Gold Medal for the highest achievement, Distinction Award in his final examinations, the Maxis Scholarship for Excellence Award (MSEA) and first prize in the 2011 AMSA Medical Challenge. He was also one of the winners of the medical selective and electives programme of his cohort. Yan Le has always managed to balance his academic excellence with an exemplary record of leadership and service on and off campus. Apart from that, Yan Le is dedicated and passionate about serving the community, participating in various health screening programmes. As a strategic leader, Yan Le is driven to conceptualise new ideas and organise changes. He is always ready for challenges and firmly believes that with sheer willpower and determination, he is able to overcome any obstacle that arises in his way. He always believes that the elements of success comprise of a strong desire, good discipline, great knowledge, and of course having the right attitude, a strong passion and a good heart.

Dr Saidi Hashim Memorial Gold Medal

The **Dr Saidi Hashim Memorial Gold Medal** may be presented twice a year to the top student of the convocating class who will be continuing their studies either to the IMU Clinical School or Partner Schools overseas. The gold medal award is given in honour of the late Dr Saidi Hashim Tahir, one of the founders of IMU.

Stephen Gan Chuen Fen
Class of ME 2/13

Stephen Gan Chuen Fen has completed his first two and a half years of his Medical Sciences degree in IMU and will be transferring to IMU Clinical School in Seremban for completion of his MBBS. He is a motivated and hardworking young man who has a passion for his career. He is constantly updating himself with current medical information through journals and articles. Knowing his own strengths and weaknesses, he is able to prioritise his work and tries to master good time management skills which is evident in his academic achievements. Stephen exudes confidence and has strong communication skills with the ability to build good rapport and make others comfortable. Apart from his academics he is involved in many extracurricular activities. He is the President of IMU CrusAIDSers Club and has done a very appreciable job.

Board of Governors Gold Medal

Two **Board of Governor's Gold Medals** are awarded at this Convocation to the students who achieves the highest academic standing in his/her pharmacy degree programme.

Jordy Wong Der Yuan
Class of BP 1/12

Jordy Wong Der Yuan will be graduating with the Bachelor of Pharmacy (Hons). His hard working attitude and intellectual capability are demonstrated in his achievement of the First Class Honours. Jordy is a wonderful person with a pleasant personality and is easy to get along with. He is very approachable, thoughtful of others and generous with his time, making him popular among his peers. His positive attitude and willingness to participate and support IMU extracurricular activities made him well liked and respected by IMU pharmacy staff. Besides that, Jordy is a highly motivated student who exhibits excellent attitudes towards his studies, IMU and the Pharmacy profession. In order to prepare himself for the challenging pharmacy profession, he has constantly enhanced his knowledge by attending medical conferences and reading the latest guidelines as well as pharmacy news. In addition to his academic performance, Jordy has actively participated and excelled in several extracurricular activities.

Tan You Qian
Class of MP 1/14

Tan You Qian has completed the first two and a half years of his pharmacy degree in IMU and will be transferring to University of Strathclyde for completion of the degree. He has always been more than an ideal student, with a keen sense of direction and clarity of thoughts. He is also a hardworking, dedicated and systematic student. With the determination to work harder and strive for the best, he is a good leader and yet friendly with his peers. He carefully manages his time between work and extra-curricular activities excelling in both. He was actively involved in sports. Besides taking part in IMU CUP, he also represented IMU at the MAPCU basketball and track and field events. In addition to that, he was also actively involved in community services activities and volunteer work.

Tan Sri Datuk Amar Dr Sulaiman Daud Merit Award

This award is presented to the top student of the dentistry convocating class. It is given in honor of the late **Tan Sri Datuk Amar Dr Sulaiman Daud** who was the Chancellor of IMU from 2005 to 2010.

Kweh Ting Jing
Class of DT 1/11

Kweh Ting Jing is an excellent student academically, achieving and maintaining very good grades throughout the years. He demonstrates great maturity and insight, is highly proactive and dedicated with admirable diligence and meticulousness in all that he does. These were some of his most valuable attributes that saw him through the academic years leading him to achieve the coveted Tan Sri Datuk Amar Dr Sulaiman Daud Merit Award for best overall student performance. He also won the Q & M Dental Group Award for Distinguished Performance in the Phase II clinical years of the Dentistry programme. Underneath his soft-spoken and modest demeanor lies a steel-like determination, resilience and commitment to continuously learn and improve himself not only academically but also in the many community work he has contributed to.

Tun Zahir Merit Award

This award is given to a graduating student who has shown outstanding academic excellence in the Bachelor of Medical Sciences programme and also in one of the health sciences programmes. It is given in memory of the late **Tun Dato' Seri Dr Mohamed Zahir** who was the Chancellor of IMU from 1999 to 2005.

Lim Sin Ling
Class of I 1/15

Lim Sin Ling is graduating with a Bachelor of Medical Sciences, First Class Honours. She is receiving the Tun Zahir Merit Award for her excellent academic performance and personal aptitude for research and learning. She displayed great enthusiasm and initiative in acquiring new knowledge, research and laboratory skills. She actively participates in discussions and grasps material quickly. Sin Ling has a pleasant disposition and is always polite. She interacts very well and has commendable written and verbal skills. Outside of the laboratory, she was a Top 20 Global Finalist in the Maybank Go Ahead Business Challenge 2015 and spent a week developing solutions for an IT startup as well as raising funds for the Disabled Persons Association of Malaysia. She then spent a week in the highlands of West Java engaging with local youths and constructing a townhall, an outhouse and a new well for a remote village. Her innate curiosity and passion for life is palpable and contagious.

Tun Zahir Merit Award

This award is given to a graduating student who has shown outstanding academic excellence in the Bachelor of Medical Sciences programme and also in one of the health sciences programmes. It is given in memory of the late **Tun Dato' Seri Dr Mohamed Zahir** who was the Chancellor of IMU from 1999 to 2005.

Grace Lim Shinn Yee
Class of PS 1/13

Grace Lim graduated with a First Class Honours from the Bachelor of Science (Hons) Psychology programme. Grace is a dedicated, responsible and intellectually gifted student. She is equipped with great interpersonal and leadership skills, with a thirst for knowledge and perseveres in achieving high standards of practice. In her final year, Grace conducted a thesis on Social Appearance Anxiety among Malaysian Female University Students and Its Relation to Body Dissatisfaction and Self-esteem. This thesis contributed towards the understanding of social appearance anxiety in Malaysia. Grace was also actively involved with various co-curricular activities throughout her studies in IMU.

Sea Lin Yao
Class of PS 2/12

Sea Lin Yao graduated with a First Class Honours from the Bachelor of Science (Hons) Psychology programme. Throughout the duration of his studies in IMU, he has constantly portrayed high intellectual capabilities, ability to think critically, and has always been outspoken in communicating his thoughts. Lin Yao has always strive hard in the pursuit of excellence and excelled in meeting the expectations of his lecturers. To his peers, Lin Yao is known to be a great friend who often went the extra mile in providing support to his fellow course mates. Lin Yao was also actively involved with various co-curricular activities throughout his studies in IMU.

Wong Sou Kum
Class of CH 1/12

Wong Sou Kum is graduating with a Bachelor of Science (Hons) Chiropractic degree with First Class Honours. She has always been a motivated learner and a leader amongst her class mates. She is also known to be an engaging student who is socially mature and possesses strong emotional intelligence. Her empathy was demonstrated during her participation in many community outreach programmes such as the Chiropractic organised Philippines mission, where she travelled to the Philippines to treat underserved communities throughout the country.

Her strength is that she is well balanced in terms of her academic merits, social involvement and her commitment to the development of her peers. She does a commendable job of living IMU's values.

The background of the image consists of numerous rolled diplomas, likely from the University of Michigan, arranged in neat rows. Each diploma is wrapped in a dark blue or black material with two white horizontal bands. The diplomas are slightly out of focus, creating a sense of depth. A semi-transparent blue overlay covers the entire image, providing a uniform color scheme. The text is centered in the upper half of the image.

The Graduands

JUNE 2016

Doctor of Philosophy in Medical and Health Sciences (By Research) Graduands

- **Peter Asaga Mac**

Thesis Title: *Toxoplasma gondii* MIC8 gene as DNA and crude protein vaccine against toxoplasmosis in a mouse model

- **Muniswaran A/L Sivanathan**

Thesis Title: Development of an economical method for ostrich oil refinement and evaluating its therapeutic effects in rheumatoid arthritis of rat model

Master of Science in Medical and Health Sciences (By Research) Graduands

- **Kho Mee Teck**

Thesis Title: Characterising host-parasite metabolic interaction of *Toxoplasma gondii* infection in a murine model: a systems biology approach

- **Tan Swee Ching**

Thesis Title: Cholinesterase inhibitory and neuroprotective potentials of brown and green seaweeds from Malaysia

- **Saw Pui San**

Thesis Title: Pharmacists integration into private primary healthcare clinics: the perspectives of private general practitioners, pharmacists and healthcare consumers in urban areas in Malaysia

- **Teo Siew Yong**

Thesis Title: Synthesis and characterisation of novel palm kernel oil-based alkyds and evaluation of their potential as pharmaceutical excipients for topical nanoemulsions

Master of Science in Public Health Graduands

- **Anthri Nimala A/P Anthonisamy**
(with distinction)

- **Meenakshi Thiagarajan**
(with distinction)

- **Harnesh Kaur**
(with distinction)

CONVOCATION, 25 JUNE 2016

IMU Alumni

Congratulations for making it this far in your education and welcome to the IMU Alumni Community! Your relationship with International Medical University (IMU) does not end just because you have graduated. As an IMU graduate, you've automatically become a valued member of the IMU Alumni Community.

Being a part of the IMU Alumni Community, you can reconnect with classmates, get in touch with lecturers and mentors, participate in business and social networks, and attend (or organise!) a range of events including reunions. You may also enjoy special privileges and benefits such as special alumni discounts on continuing professional development programmes at the IMU Centre for Lifelong Learning (ICL), as well as receive updates and first-hand information on IMU news and events. The IMU experience is not just about your years on campus but beyond. Many alumni find that they carry the IMU learning skills well into their professional and personal lives.

How Can The Alumni Contribute?

KEEP IN TOUCH ~ We appreciate your ongoing interest in IMU. Connect with our various social media channels, as well as the IMU Alumni website, which are all designed to help you STAY IN TOUCH with what's going on. Keep your profile up-to-date via <http://alumni.imu.edu.my> or stay tuned with us on Facebook "IMU Alumni" to stay informed of the latest happenings!

ALUMNI SHARING ~ Come and share your experience with the students on campus - life in PMS, working experience, guidance on specialty, research work, etc are just some of the topics that you can explore. You can even consider providing internship or employment opportunity in the future. Contact us at alumni@imu.edu.my to know more.

FEATURED ALUMNI ~ We want employers, institutions and individuals to know where you studied and where you are now. Write back to us a short story of yours anytime and anywhere. After all, WE ARE PROUD OF YOU!

You are the "living proof" of the educational philosophy promoted at IMU. Your story will be kept to be featured wherever deemed appropriate. Write to us at alumni@imu.edu.my.

IMU Alumni Relations Office

Established in 2002, the IMU Alumni Association (IAA) aims to develop an international network of IMU graduates and to engage alumni through the exchange of knowledge, academic ideas and professional development. The Alumni Relations Office is the point of contact for graduates of IMU. We will ensure that your time is used wisely and that your experience is rewarding. We offer a range of special alumni events, services and publications to allow graduates to stay connected to the University and benefit from networking with one another.
