# ABOUT THE INTERNATIONAL MEDICAL UNIVERSITY

In 1992, Malaysia was facing a serious shortage of doctors. Dr Kamal Salih, a visionary, and Dr Mei Ling Young, a social scientist with a strong interest in development, hit on a brilliant, simple idea – if young Malaysian students could not go out into the world to get the medical education they wanted and deserved, they would bring it to them. And so the idea for the International Medical College (IMC) was born. The college was officially launched on 13 April 1992 by the then Education Minister, YB Datuk Amar Dr Sulaiman Haji Daud, demonstrating the full support of the Malaysian Ministry of Education and Ministry of Health.

Changing the landscape of medical education, IMC introduced the world's first unique curriculum model that allow medical students to spend the first five semesters at the IMC in Kuala Lumpur, before moving to initially one of the five leading Partner Medical Schools (PMS) around the world.

## Gaining University Status

On 4 February 1999, IMC was granted university status and became the International Medical University (IMU), thus providing students the additional option of reading the whole medical degree in Malaysia, graduating with the IMU MBBS. With this, IMC also became the country's first private medical college to be upgraded to a university. Since then, IMU has grown from a medical college with five PMS offering one programme, to an internationally recognised higher education institution offering 29 programmes with over 30 world class partner universities in Australia, New Zealand, Canada, Ireland, the United Kingdom and China. It is also the first university in Malaysia that offers conventional and complementary medicine, together, with the philosophy that health is holistic.

## Healthcare and Research

In January 2010, IMU took a bold step in its plan to be a holistic healthcare provider. IMU opened its first Oral Health Centre which was quickly followed by the Chiropractic Centre in May 2010, Medical Clinic in July 2010 and the Chinese Medicine Centre in November 2010. These clinics formed the IMU Healthcare Centre

which serves as a teaching site for IMU students and plays an important role in educating future healthcare professionals who understand the importance and benefits of offering holistic healthcare services. It also extends the learning experience beyond the partnerships already offered by the Ministry of Health hospitals and clinics.

While medical and healthcare-related research continues to be an area of focus, the University also places emphasis on medical education research. To support research, the University established the Institute of Research, Development and Innovation (IRDI) in 2012.

Poised to be a significant player in biomedical and clinical research, IRDI's five thrust areas are in environmental and population health, bioactive molecules and drug discovery, cancer and stem cell research, health professions education, as well as translational research.

This is also part of the IMU's vision to be a leading private Asian health educator that creates value through integrating education, research and healthcare. The current development of the IMU Hospital and a planned network of clinics is an important part of this vision and set to be completed by 2021.

### **Serving the Community**

One of IMU's core values is that to be good healthcare professionals, students must be moulded to be good human beings. And this includes being aware of, and sensitive to the needs of the communities in which they live and work, hence IMU's tradition of active community engagement.

Since its launch in 2002, IMU Cares programme has played an important part of University life, providing means for students and staff to engage with the community beyond the University. From a small-scale fund-raising activity in 2002, IMU Cares has expanded to provide more than just financial assistance to the less privileged.

The Programme now strives to deliver healthcare, to promote health and wellness, and to prevent disease. In addition, IMU Cares has begun providing more holistic care, including medication counselling and nutritional assessment. Cases requiring further treatment are referred to the IMU Healthcare clinics, and the IMU Cares Humanitarian Aid Fund underwrites treatment costs.

IMU Cares has also looked into the education and training of caregivers, to enable and empower them to provide better care. From integration and application of knowledge and skills to interprofessional learning and collaborative practice, the programme has become a platform for experiential learning. It enables students to learn leadership, inter-professional teamwork, and to practise the values of professionalism and ethics while making a difference to communities. One of IMU's commendable efforts was seen through its long-running Village Partnership programme which won first place; out of 63 international

universities in the prestigious MacJannet Prize for Global Citizenship Award 2013. In 2013, the University also won the Association for Medical Education in Europe (AMEE) ASPIRE for Excellence Award in the area of "Student Engagement" at the AMEE conference in Prague, Czech Republic.

IMU Cares continues to win accolades and awards for its unique programmes that continues to serve the community including the Bronze Award for the CSR Leadership Award at the 10<sup>th</sup> Annual Global CSR Summit & Awards 2018.

### **Moving Forward**

Committed in its relenting quest for quality, the University was awarded the self-accreditation status – by the Malaysian Qualifications Agency (MQA). This status of autonomy entitles a higher education provider to accredit its programmes except for programmes that require accreditation and recognition of the relevant professional body. The award also demonstrates the fact that IMU consistently maintains high standards of quality and integrity in all its programmes.

The University also gained a six-star rating under SETARA 2017 for the Mature University Category. This is the highest ranking awarded by the Ministry of Higher Education (MOHE) which measures the performance of three core functions namely teaching, research and services.

As the University progresses into a rapidly changing world, where knowledge and technology is moving at an unimaginable pace, the IMU retains its vision of becoming an innovative global centre of excellence in learning and research, supporting a community of scholars and professionals committed to serving society, promoting the development of students to reach their true potential in becoming competent, ethical, caring and inquiring citizens and visionary leaders.

## THE UNIVERSITY MACE

The mace is the symbol of authority of the International Medical University (IMU).

The globe at the top symbolises the international nature of the University. Gold denotes the quality of education provided by the IMU.

The seven krises (traditional Malay weapon) represent the nations participating in the international medical consortium.

The songket motif symbolises the country's cultural tradition.

The bunga raya (hibiscus) is Malaysia's national flower.

The five facets of the mace stand for the five continents of the world.

The second ring consists of the logo of the IMU to signify its new charter as a University. Below the second ring of the mace are the logos of the original five Partner Medical Schools which helped start this innovative medical programme.

The original International Medical College emblems are etched on each side of the brace in the third ring of the mace. Below the third ring are the logos of the international Partner Universities involved through their medical schools in the international medical consortium.

The bottom part of the mace is carved in the shape of the Kelantanese gasing (spinning top), another symbol of Malaysian culture.

## THE LOGO

The initials IMU represent the name of the University. The strips on the "I" represent the three pillars of Innovation, Imagination and Insight. The snake and staff are the traditional symbols for medicine, which is the educational focus of the University. The colour white represents integrity.

The globe stands for international connections: the IMU as a member of the International Medical Consortium, both in terms of partnerships with many well-known foreign universities, as well as its international faculty and student body.

The tilted square represents the mortar board, which is the symbol of academia in relation to the community. The colour blue, in its two shades, stands for peace and harmony.

## VISION

IMU shall be an innovative global centre of excellence in learning and research, supporting a community of scholars and professionals committed to serving society, promoting the development of students to reach their true potential in becoming competent, ethical, caring and inquiring citizens; and visionary leaders.

IMU is committed to academic freedom and the principles of equal opportunity in the pursuit and application of knowledge, the highest standards of intellectual, educational and research productivity; and the establishment of a learning organisation that respects the individual.

## EDUCATIONAL MISSION

As an educational institution, our mission is:

- To further strengthen the IMU as centre of excellence for the undergraduate programmes in medicine, pharmacy and other health sciences programmes
- To establish the IMU as a centre for higher education providing training through multidisciplinary programmes
- To establish the IMU as a centre for postgraduate training and Continuing Professional Education
- To train knowledgeable and skillful professionals with high ethical standards who will be dedicated to serve and improve the quality of life of the community
- To train competent professionals with the use of innovative technologies of knowledge especially ICT in the teaching-learning process

## QUALITY POLICY

IMU aims to be an innovative centre of excellence in learning and research, producing competent, caring and ethical professionals who are lifelong learners. It is committed to achieving the highest standards of intellectual, educational and research productivity.

# CHANCELLOR AND PRO-CHANCELLOR

**YBHG DATO'  
DR GAN EE KIANG**  
**Chancellor**

BSc (Hon), PhD (UWA),  
PKT, BCN, JMN, DSPN

**YBHG TAN SRI DATO'  
DR YAHYA BIN AWANG**  
**Pro-Chancellor**

MBBS (Monash), FRCS (Glasgow),  
SMJ, KMN, DPMJ, DMPN, PSM,  
Hon Doct (UKM)

# MESSAGE FROM THE VICE-CHANCELLOR

**PROF ABDUL AZIZ BABA**  
**Vice-Chancellor**

MBBS (Melb), MRCP (UK),  
MRCP (Ireland), FRCP (Edin), AM

Dear Friends and Families of IMU,

The time has come again for us to celebrate the success of our graduates in IMU's 2019 convocation. This year, 306 graduands graduate today in various programmes offered by IMU. On behalf of the institution, I would like to say congratulations to Class of 2019.

Also happening today is the special conferment of our co-founder, Dr Mei Ling Young, with the Honorary Doctor of Medical Education. In 1992, Dr Young and her team managed to achieve the unthinkable, which is to establish a private medical institution offering a globally recognised curriculum that changed the model for medical education all around the world. She was relentless in her pursuit to make this happen, and when it did, she decided to take it further by seeing it through that IMU would achieve University status. This became a reality in 1999, allowing Malaysians to complete their medical degree in Malaysia under IMU.

Thanks to her dedication, IMU is proud to celebrate the 20<sup>th</sup> anniversary of our Bachelor of Medicine and Bachelor of Surgery (MBBS) programme this year, a feat that would

never take place if not for Dr Young's foresight and dedication. From all of us at IMU, thank you Dr Young!

The University itself has achieved several milestones this year, many of which cement our goal to be a global centre for learning and research. In April this year, we established our Advanced Microbiology Collaborative Research Laboratory as a collaborative research facility to promote stronger research collaboration and technology transfer between Malaysia and international partners. Already in the pipeline at our laboratory is a collaborative research with our partner university the University of Southampton, United Kingdom, on the role of the gut bacteria in the development of diabetes mellitus among Malaysians.

We also play host to two significant international events this year – the 10<sup>th</sup> Asian Medical Education Association Symposium last April and the upcoming South East Asian Association of Dental Education 30<sup>th</sup> Annual Scientific Meeting in August. Healthcare delegates from around the world gathered at our campus with the purpose of exchanging ideas and knowledge concerning healthcare practices and its future. IMU is proud to be the nexus of it all, and we look forward to welcome even more international events to our campus.

We also turned our focus to the community by sharing our knowledge and expertise in healthcare. This is something we have been doing over the years and we will continue to contribute in whatever way we can to give back to the community that has supported us.

One significant community project that we are involved in is the Ministry of Health's Komuniti Sihat Pembina Negara (KOSPEN). Via this public-health service initiative, IMU has made a dedication to motivate our own community of staff and students to adopt better lifestyle habits that will free them of Non-Communicable Diseases as well as give them full access to every opportunity available to lead an optimum lifestyle at the workplace. At the same time, we will work closely with the ministry in outlining the necessary steps to encourage healthier lifestyle practices.

We also worked closely as the programme partner for R.AGE, The Star Newspaper's youth news and lifestyle platform, and SP Setia in the #Standtogether Kindness campaign. IMU's Psychology Department took the lead in this campaign by organising workshops for schools on how to manage bullying in school through kindness. The campaign has become a huge success for all parties involved with close to 8,000 schools registering to be part of it.

All these initiatives are part of our efforts to "walk the talk" and provide greater opportunities for our students, staff and the community to enhance, experience and to provide better healthcare.

Let us not forget what today is all about – Class of 2019. Congratulations to our graduates! You have finally come to this juncture where you are now a proud member of the healthcare industry. I hope that your years at IMU have gifted you with the confidence and wisdom to serve as a caregiver, providing sound medical and health advice to those under your care.

Furthermore, I hope that we have instilled in you our philosophy of serving with compassion and kindness. Through your years with us, we have always reminded you the importance of human-focused healthcare and to embrace the humanity of healthcare sciences. We hope that our lessons will guide you to take your career further.

Being able to celebrate our convocation is a testimony of what we do best in IMU – to nurture the next-generation healthcare providers, equipping them with what's necessary to help them make the best decisions for their parties.

With new graduates leaving us each year as they embark on their new journey, we welcome in young potentials with aspirations to become great caregivers.

It is a cycle that we fully embrace; a responsibility we relish in. It is our honour to play a role in motivating and inspiring our students, as well as in contributing to the industry as a whole as we drive our commitment to offer quality education to everyone who walks through our doors.

To our students, thank you for giving us this opportunity.

**PROF ABDUL AZIZ BABA**  
Vice-Chancellor

# CONFERMENT OF THE HONORARY DOCTOR OF MEDICAL EDUCATION

## **DR MEI LING YOUNG**

BA, MA (Hons) (Auckland),  
PhD (ANU), DSc (Strath),  
LLD (Dundee)

A charismatic, exuberant and passionate social scientist, Dr Mei Ling Young, is one of the three founders of the International Medical College (IMC), Malaysia's first private medical college in 1992. Together with Tan Sri Datuk Dr Kamal bin Salih and the late Dr Saidi Hashim, they had embarked on a mission – to establish an educational model that would allow more young Malaysians to pursue their ambitions to become doctors and other healthcare professionals through a globally recognised curriculum. With the help of two established professors of medical education, Ron Harden and Ian Hart, they devised a simple, brilliant but daring model and the only one of its kind in the world where all students who achieved the required standard, the outcomes, can be transferred in their clinical years to initially, five, and later, to nearly 30 renowned medical schools throughout the English-speaking world.

Mei Ling was born in Seremban, Malaysia in 1949. She obtained her BA (Geography) from the University of Auckland in 1971 and was awarded a Senior Scholarship during her studies. She continued with her postgraduate studies at the same university and in 1974 was awarded the MA (First Class Honours) and concurrently offered a New Zealand Postgraduate Scholarship and the Australian National University (ANU) scholarships for Geography or Demography. She took up the latter offer and completed her PhD thesis after her return to Malaysia.

In 1979 she joined Universiti Sains Malaysia (USM) in Penang as a lecturer in Development Studies at the School of Social Sciences. Because of a keen interest in research, in 1987, Mei Ling joined Kamal Salih as a foundation associate research fellow and helped establish the Malaysian Institute of Economic Research (MIER), the first independent, non-profit think-tank in Malaysia.

Over the years, she has penned over 70 papers on migration and employment, urbanization, industrialization and socio-economic issues and has spoken at numerous seminars and conferences at both national and international levels.

Mei Ling's contributions and achievement is largely seen in the establishment of the International Medical College (IMC). Throughout her journey in developing IMC, she had assumed the position of Executive Director, and Registrar of the college. Holding both positions, she was able to balance and make decisions for both corporate and academic matters to ensure the smooth implementation of the college project.

During that period, education and health have always been regarded as the government's responsibility and there was no precedence where a private medical school used government clinics and hospitals to train doctors. Mei Ling played a pivotal role in persuading and convincing the Malaysian ministries of education and health to support the vision and mission of the college.

She also played an important role in managing two very eminent retired medical professors, Prof John Beck who was appointed as the first IMC's Foundation Dean, and Sir Patrick Forrest who later joined as the Associate Dean. The management of the international faculty and the negotiation with some of the world's best medical schools to be part of the unique collaborative education model - the Partner Medical School (PMS) was no easy task.

In 1998, the Asian Financial Crisis resulted in the depreciation of the ringgit and made all overseas education prohibitively expensive. This was especially true for medical education. Responding to this challenge Mei Ling immediately negotiated for students in UK to transfer to less expensive PMS in New Zealand and Canada. More importantly, she fast tracked the establishment of an IMU Clinical School in order to provide students the opportunity to complete the entire medical programme locally. Within nine months the clinical campus adjacent to the Tuanku Ja'afar Hospital was built and the development of the clinical curriculum completed, with faculty on board. The IMC was awarded university status in 1999, becoming the International Medical University (IMU), the first private university in the country.

Expanding its plan to be an integrated healthcare provider, IMU took the bold step to provide healthcare services to the public. In 2010, IMU Healthcare was formed with the establishment of its oral healthcare centre, chiropractic centre, medical clinic and Chinese medicine centre. Mei Ling was and still is the major driving force in this ambitious undertaking, adding the development of an IMU hospital, scheduled to open its door to the public by 2021.

She is currently the Advisor and Board Member of the IMU Group. Mei Ling previously held the positions of Provost (1999-2015) and Deputy Vice-Chancellor, International and Engagement (2016-17) at the International Medical University.

Actively contributing to the private education landscape, Mei Ling also held the positions of Deputy Secretary-General and later the President of the Malaysian Association of Private Colleges & Universities (MAPCU) from 2005-06 and 2015-17, respectively. During this period, private education flourished in Malaysia, making it equal to government providers. MAPCU worked closely with the government to ensure quality and to change the mind-set where instead of being competitors, private and government providers work together for the common good of the country.

Internationally recognised for her contributions in medical education, she was awarded the honorary degree of Doctor of Science from the University of Strathclyde in 2013 and the honorary degree of Doctor of Laws *honoris causa* from the University of Dundee in 2014. Mei Ling was also the first Asian to be awarded the prestigious Association for the Study of Medical Education (ASME) Gold Medal in 2017.

Striving for perfection is Mei Ling's greatest strength. She is always able, by a combination of diplomacy, gentle persuasion and tenacity to motivate her peers and subordinates to doing their very best. And it has been largely through her efforts that the university has managed to achieve and maintain its premier position in Malaysia.

# LIST OF IMU DISTINGUISHED FELLOWS, HONORARY DOCTOR OF MEDICINE, HONORARY DOCTOR OF SCIENCE AND HONORARY DOCTOR OF MEDICAL EDUCATION

1996  
**Prof Ronanld M Harden**  
Distinguished Fellow

1999  
**Prof John S Beck**  
Distinguished Fellow

1999  
**YABhg Toh Puan Datuk  
Hajjah Dr Aishah Ong**  
Distinguished Fellow

1999  
**Prof Michael John Hamlin**  
Distinguished Fellow

2000  
**Dr Ian Ritchie Hart**  
Distinguished Fellow

2001  
**Prof Sir John Arbuthnott**  
Distinguished Fellow

2001  
**Dr Joseph S Gonnella**  
Distinguished Fellow

2002  
**YBhg Tan Sri Datuk Amar  
Dr Sulaiman Haji Daud**  
Honorary Doctor  
of Medicine

2003  
**YBhg Tan Sri Datuk Seri  
Dr Chong Han Nyan**  
Honorary Doctor  
of Science

2003  
**YABhg Tun Dr Siti Hasmah  
bt Haji Mohd Ali**  
Honorary Doctor  
of Medicine

2004  
**Prof Michael Orme**  
Honorary Doctor  
of Medicine

2006  
**Prof Brian Henderson**  
Honorary Doctor  
of Science

2007  
**Sir Patrick Forrest**  
Honorary Doctor  
of Medicine

2007  
**Prof John Ruedy**  
Honorary Doctor  
of Medicine

2007

**Prof Nicholas Glasgow**  
 Honorary Doctor  
 of Medicine

2017  
**Prof James McKillop**  
 Honorary Doctor  
 of Medicine

2017  
**Prof Richard Hays**  
 Honorary Doctor  
 of Medicine

2017  
**Prof Dato' Dr Mafauzy  
 Mohamed**  
 Honorary Doctor  
 of Medicine

2017  
**YBhg Dato' Seri  
 Dr T. Devaraj**  
 Honorary Doctor  
 of Medicine

2018  
**Prof Mak Joon Wah**  
 Emeritus Professor

# CONVOCATION PROCEEDINGS

29 JUNE 2019, SATURDAY

AUDITORIUM, 4<sup>TH</sup> FLOOR, IMU BUKIT JALIL CAMPUS

## SESSION ONE

**7:15 am** Arrival of Parents, Guests and Faculty

**7:30 am** Arrival of Senate Members

- 8:00 am**
- Arrival of the Vice-Chancellor, members of the Board of Governors and Recipient of the Honorary Doctorate
  - Arrival of Pro-Chancellor
  - Arrival of Chancellor
  - Official Photography for Graduands
  - Guests to be seated

- 8:30 am**
- Procession of Graduands
  - Academic Procession and Grand Procession
  - Recital of Doa
  - Announcement of the Purpose of the Congregation
  - Official Opening of the Convocation Ceremony by the Chancellor
  - Address by the Vice-Chancellor
  - Address by the Chancellor
  - Conferment of Honorary Doctor of Medical Education
  - Conferment of the PhD in Medical and Health Sciences
  - Conferment of the Master of Science in Medical and Health Sciences
  - Conferment of the Master of Science in Public Health
  - Conferment of the Master of Science in Molecular Medicine
  - Conferment of the Postgraduate Diploma in Implant Dentistry
  - Conferment of the Postgraduate Diploma in Health Professions Education
  - Conferment of the Postgraduate Certificate in Health Professions Education
  - Conferment of the Bachelor of Medicine & Bachelor of Surgery
  - Conferment of the Bachelor in Medical Sciences (Hons)
  - Conferment of the Bachelor of Science (Hons) in Psychology
  - Conferment of the Bachelor of Dental Surgery
  - Address by the Student Representative of the Graduating Classes
  - Adjournment
  - Procession exits
  - Reception

## SESSION TWO

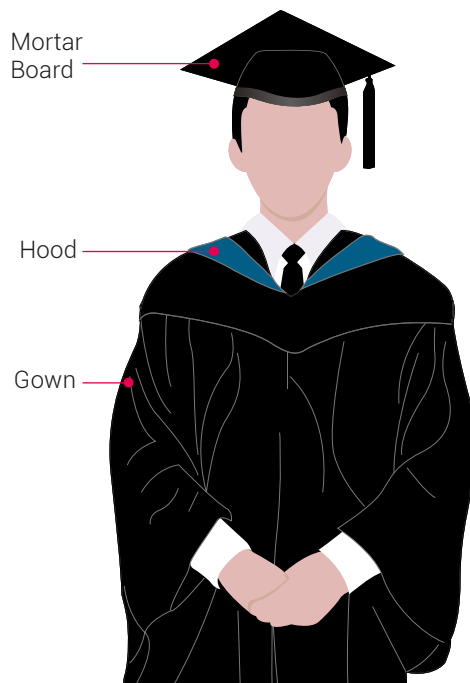

**9:30 am** Official Photography for Graduands

**10:35 am** Guests to be seated

- 10:50 am**
- Procession of Graduands
  - Academic Procession and Grand Procession
  - Announcement of the Purpose of the Congregation
  - Address by the Vice-Chancellor
  - Conferment of the Bachelor of Pharmacy (Hons)
  - Conferment of the Bachelor of Science (Hons) in Pharmaceutical Chemistry
  - Conferment of the Bachelor of Nursing Science (Hons) Post Registration
  - Conferment of the Bachelor of Science (Hons) in Biomedical Science
  - Conferment of the Bachelor of Science (Hons) in Chinese Medicine
  - Conferment of the Bachelor of Science (Hons) in Chiropractic
  - Address by the Student Representative of the Graduating Classes
  - Closing by the Pro-Chancellor
  - Negaraku
  - Procession exits
  - Reception

# UNIVERSITY AWARDS WINNERS 2019

---

---

## DR JOHN JOSEPH BOSCO MEMORIAL GOLD MEDAL

The Dr John Joseph Bosco Memorial Gold Medal is awarded to a student graduating with the IMU MBBS who has achieved the highest academic excellence throughout his/her degree. One medal may be awarded in each graduation cohort. This award is given in memory of the late Dr John Joseph Bosco who played an instrumental role in the development of the IMU Clinical Campus.

**Chua Min Huang**

**Cohort: ME1/14**

Chua Min Huang graduated as the top student of his Bachelor of Medicine and Bachelor of Surgery (MBBS) graduating class. His outstanding academic performance during his degree was recognised by the University and he was awarded the Dr John Joseph Bosco Memorial Gold Medal for his graduating class. Besides receiving the Gold Medal, Min Huang also showed consistency in his academic performance by obtaining the Distinction Award in all his professional exams during his clinical years. He was also in the Dean's List of Graduands with High Academic Achievements for his MBBS. His journey throughout IMU has helped him not only to excel in clinical skills, but also gave him a deeper understanding of humanity and humility.

He is known to his lecturers, peers and patients as a person who is caring, modest and inquisitive. Min Huang is a firm believer in having a growth mindset. In his earlier academic years, his performance was average at best. However, through perseverance, persistence and holding a strong believe that he can achieve excellence, he has successfully achieved what a "fixed mindset" would have considered impossible. He embraced all the challenges he faced as part of life and in turn, all these challenges served as a stepping stone in achieving a better him.

Besides his studies in medicine, Min Huang has actively involved himself in various activities in the university. Among others, he was the vice secretary and later, the secretary for the Student Representative Council (SRC) in the Clinical Campus. He had also participated in numerous events organised by various clubs in IMU. Outside his university, he is a certified open water scuba diver and is keen to explore the depths of ocean.

Apart from that, Min Huang is extremely grateful that he was blessed with a group of extraordinary friends who had always supported him throughout his clinical years. He is also blessed with his loving family and compassionate lecturers that made him who he is today.

## DR SAIDI HASHIM MEMORIAL GOLD MEDAL

The Dr Saidi Hashim Memorial Gold Medal may be presented twice a year to the top student of the convocating class who will be continuing their studies either to the IMU Clinical Campus or Partner Schools overseas. The gold medal award is given in honour of the late Dr Saidi Hashim Tahir, one of the founders of IMU.

**Ong Zun Zheng**  
**Cohort: ME2/16**

Ong Zun Zheng is the top scoring student in his class who will be receiving a Certificate of Completion for Part 1 of the Medical Sciences Programme, with the highest marks in Semesters 1, 3 and 5 examinations. He has maintained outstanding academic performance throughout his studies at IMU. He has shown intelligence, an ability to think critically, a thirst for knowledge and an unwavering determination to excel.

He has participated actively in extra-curricular and community engagement activities including representing the University in futsal, and winning medals in university athletics events. He has been a delegate at various symposia and conferences during his time at IMU. His special strengths are his hardworking, calm and steady nature and he has made every effort to live up to IMU's values!

## TAN SRI DATUK AMAR DR SULAIMAN DAUD MERIT AWARD

This award is presented to the top student of the dentistry convocating class. It is given in honor of the late Tan Sri Datuk Amar Dr Sulaiman Daud who was the Chancellor of IMU from 2005 to 2010.

**Lim V Ren**  
**Cohort: DT1/14**

Lim V Ren is a sincere, hard-working student who is known for his calm and methodical working style. He is proficient in patient management and equally excelled in the theory of dental sciences. He is passionate in helping others and have served in various communities as a volunteer and as a leader. He represented the School of Dentistry in various forums and outshined in his interactions. V Ren also actively contributed in the Malaysian Dental Student Association by planning a nationwide dental student education day in IMU. His research was on a novel method of filling root canal spaces using a bioactive material. He went the extra mile to attend courses and met with international experts to equip himself with the skills to carry out this study. He presented his research at national/regional conferences and received awards. V Ren remains committed to support the community through his spare time and burns with passion for the field of dentistry.

## BOARD OF GOVERNORS' GOLD MEDAL

The Board of Governors' Gold Medal are awarded at this Convocation to the student who achieves the highest academic standing in his/her pharmacy degree programme.

**Foong Keng Wah**

**Cohort: BP1/15**

A recipient of the IMU Scholarship, Foong Keng Wah graduated with a First Class Honours from the Bachelor of Pharmacy (Hons) programme. Throughout his studies in IMU, Keng Wah has constantly strived towards excellence and is committed to his personal development. He is a dedicated, hardworking and highly motivated student. Keng Wah has actively participated in various co-curricular activities and contributed as a member of the IMU Entrepreneur Club and IMU Frisbee Club. He has demonstrated his leadership abilities through his involvement in organising several club events which have impacted many students in IMU.

## TUN ZAHIR MERIT AWARD

This award is given to a graduating student who has shown outstanding academic excellence in the Bachelor in Medical Sciences (Hons), Bachelor of Sciences (Hons) in Psychology and also in one of the health sciences programmes. It is given in memory of the late Tun Dato' Seri Dr Mohamed Zahir who was the Chancellor of IMU from 1999 to 2005.

**Denesh A/L Selvarajah**

**Cohort: I1/18**

Denesh Selvarajah graduated with a First Class Honours in Bachelor in Medical Sciences (Hons). Throughout his duration of studies at the IMU, he has portrayed evidence of high intellectual capability by scoring high grade in the module assessments and professional examinations. His skills in critical and analytical thinking and communication skills are reflected in the writing and defense of his thesis entitled '*Loop-mediated isothermal amplification (LAMP) test for diagnosis of uncomplicated malaria in endemic areas: A meta-analysis of diagnostic test accuracy*'. His work has given valuable input in the understanding and application of diagnostic tests of malaria.

Denesh is ever-cheerful and well-balanced in terms of his academic merits, social commitments and his contributions to development of his peers.

## TUN ZAHIR MERIT AWARD

This award is given to a graduating student who has shown outstanding academic excellence in the Bachelor in Medical Sciences (Hons), Bachelor of Sciences (Hons) in Psychology and also in one of the health sciences programmes. It is given in memory of the late Tun Dato' Seri Dr Mohamed Zahir who was the Chancellor of IMU from 1999 to 2005.

**Kiew Wei Qi**

**Cohort: PC1/16**

Kiew Wei Qi graduated with a First Class Honours in Bachelor of Science (Hons) in Pharmaceutical Chemistry. Wei Qi is a diligent, hardworking and fast learner who is always passionate about learning new knowledge. "No pain, no gain" is her motto in life. She is very organised and disciplined in her studies. Besides being meticulous to details, she demonstrates good teamwork and is dedicated to always giving every task her best effort and accomplish her goals ahead of time. She was the event manager for IMU Korean Culture Club and actively participated as student helper in the IMU Open Day. She won the Best Presentation Award in Pharmaceutics IV Model Industrial Concept.

**Hossein Jahedi**

**Cohort: BM1/15**

Hossein is an exemplary IMU scholar who graduated with a First Class Honours in Bachelor of Science (Hons) in Biomedical Science. He is a highly intelligent, independent, and motivated individual who shows maturity beyond his years. He also has a thoughtful, positive personality with an indomitable passion to succeed. His work ethics and discipline are exceptional.

A natural leader, he has spearheaded projects as the pioneer and president of the IMU Society of Biomedical Science (ISBS), the International Biomedical Laboratory Science Day as organising chairperson, and played key roles in numerous events by IMU's Scholars Club. With a strong passion for research, he examined the effects of p53 family isoforms on an in vitro pancreatic cancer model via molecular marker expression and cell viability for his final year project.

**Tea Wee Chia**

**Cohort: CM2/14**

Tea Wee Chia graduated with a First Class Honours in Bachelor of Science (Hons) in Chinese Medicine. Wee Chia is a mature, hardworking, self-driven, organised and enthusiastic student. She always strives hard in the pursuit of excellence and is equipped with high intellectual capabilities. Wee Chia has demonstrated high levels of professionalism, commitment to her work.

She is a benevolent person and insists on continuing her community service to the needy at Sri Kembangan Community Centre every Sunday even after she has completed her study at IMU, and this has been continuous, lasting for 2 years until now. For lifelong learning and pursuit of advanced Chinese Medicine skills, she has applied and been accepted by Shanghai University of Traditional Chinese Medicine (SHUTCM) to continue her master degree from September 2019 onwards.

# THE GRADUANDS JUNE 2019

---

## PhD in Medical and Health Sciences Graduands

### Lim Wei Meng

Thesis Title: Identification of new molecular targets for treatment of endometrial cancers

### Tan Yuen Fen

Thesis Title: Development of *in vitro* and *in vivo* delivery systems for siRNA-based therapeutics using functionalised single-walls carbon nanotubes (SWNT)

### Tiong Yee Lian

Thesis Title: The potential role of melatonin in preventing diabetic neuropathy and cardiovascular disease: a focus on molecular mechanism involved

## Master of Science in Medical and Health Sciences Graduands

### Melissa Leong En Ying

Thesis Title: Vitamin D supplementation, parathyroid hormone (PTH) and plasma vitamin D response among Malaysian female adults: double blinded, randomised clinical trial of efficacy

### Puvaneswari A/P Marappan

Thesis Title: Synthesis of novel tetrahydrothiazolo(5,4-c)pyridines and *in-vitro* evaluation of their anti-inflammatory activity

### Tan Si Hoey

Thesis Title: Proteomics analysis of p21-activated kinase 4 (PAK4) depletion reveals novel targets of PAK4 in oral squamous cell carcinoma (OSCC)

### Wong Yi Hao

Thesis Title: DNA-methyltransferase gene silencing in *Acanthamoeba castellanii*: possible involvement of epigenetics in the regulation of parasitic virulence

## Master of Science in Public Health Graduands

### List of Graduands for MScPH2/17

- Dauda Bukar Dauda
- Marini binti Ahmad Suhaimi
- Ng Yan Yen
- Wong Yi Kai

## Master of Science in Molecular Medicine Graduands

### List of Graduand for MMM1/14

- Hoe Yim Teng

### List of Graduand for MMM2/14

- Salini A/P Mohan Kumar

### List of Graduand for MMM2/15

- Fauziah binti Abdul Manaf

### List of Graduand for MMM1/16

- Thenmaaran A/L Palanisamy

### List of Graduands for MMM1/17

- Safa Abdelgadir Mohamed Elhassan
- Vikram Rao A/L B Vasanth Rao

## Postgraduate Diploma in Implant Dentistry Graduands

### List of Graduands for PGDID1/16 & PGDID1/17

- Hong Ling Hu'ng
- Kong Siew Mii
- Najihah binti Yunus
- Nursuriati binti Muhamad Zahari

## Postgraduate Diploma in Health Professions Education Graduand

### List of Graduand for PGDHPE1/18

- Kok Yih Yih

## Postgraduate Certificate in Health Professions Education Graduands

### List of Graduands for PGCHPE1/18

- Anis Ahmed Khan
- Htet Htet

## Bachelor of Medicine and Bachelor of Surgery (MBBS) Graduands

### Dean's List of Graduands with High Academic Achievement

- Chua Min Huang
- Alexander Soo Qwan Yew
- Tania Tan Lin Li

### List of Graduands for ME1/14

- Abdul Rasheedh Shahudha
- Agnes Ding Sook Wen
- Ahamed Zarook Zaahil Ahamed
- Alexander Soo Qwan Yew

- Yee Wei Yin

### Second Class Honours, Lower Division

- Gan Xin Bei
- Jiyong Kim
- Soo Xiao Yii
- Teo Le Huan
- Thoa Yee Jen
- Tong Jing Yi

## Bachelor of Nursing Science (Hons) Post Registration Graduands

### Dean's List of Graduands with High Academic Achievement

- Teoh Kai Lun
- Wong Shi Hui
- Ng Yan Xin
- Ho Ai Lian
- Mathilda Jill Andrews
- Alexandra Yeo Hui Yian
- Aiu Siew Yeon
- Lau Mei Yee

### List of Graduands for NS2/14, NS1/15, NS2/15, NS2/16, NS1/17

#### First Class Honours

- Aiu Siew Yeon
- Alexandra Yeo Hui Yian
- Ho Ai Lian
- Lau Mei Yee
- Mathilda Jill Andrews
- Ng Yan Xin
- Teoh Kai Lun
- Wong Shi Hui

### Second Class Honours, Upper Division

- Ashvindip Kaur Rekhranj
- Aziyah binti Abd Aziz
- Chuah Shin Tsyr
- Ho Yen Huey
- Low Xiao Wei
- Ong Bee Moon
- Yu Chu Hai

### Second Class Honours, Lower Division

- Faezah bt Abdul Mubin
- Helen Goh Bee Chin
- Lailye Zuraida binti Abu Bakar
- Marysia Jinus
- Roziah binti Yunos
- Wan Nor Rafidah binti Wan Rahman

### Third Class

- Marziah binti Abd Aziz

## Bachelor of Science (Hons) in Biomedical Science Graduands

### Dean's List of Graduands with High Academic Achievement

- Hossein Jahedi
- Cheah Chee Hoe
- Yap Wei Sheng
- B Kuhanesh A/L  
S.Balasubramaniam
- Adele-Ann Teoh Lii-Phing

### List of Graduands for BM1/15

#### First Class Honours

- B Kuhanesh A/L  
S.Balasubramaniam
- Cheah Chee Hoe

### Second Class Honours, Upper Division

- Adeline Yong Hui Jing
- Alyssa Danielle Fonseca
- Azleen binti Mohammad Abdul Aziz
- Divya Dharshini

# IMU ALUMNI

Congratulations for making it this far in your education and welcome to the IMU Alumni Community! Your relationship with International Medical University (IMU) does not end just because you have graduated. As an IMU graduate, you've automatically become a valued member of the IMU Alumni Community.

Being a part of the IMU Alumni Community, you can reconnect with classmates, get in touch with lecturers and mentors, participate in business and social networks, and attend (or organise!) a range of events including reunions. You may also enjoy special privileges and benefits such as special alumni discounts on continuing professional development programmes at the IMU Centre for Lifelong Learning (ICL), as well as receive updates and first-hand information on IMU News and events. The IMU experience is not just about your years on campus but beyond. Many alumni find that they carry the IMU learning skills well into their professional and personal lives.

## How Can the Alumni Contribute?

**KEEP IN TOUCH** - We appreciate your ongoing interest in IMU. Connect with our various social media channels as well as the IMU Alumni website, to help you STAY IN TOUCH with what's going on. Keep us up-to-date with

your profile information via <http://alumni.imu.edu.my> or scan the QR code below and stay tuned with us on Facebook "IMU Alumni" to stay informed of the latest happenings!

**ALUMNI SHARING** - Come and share your experience with the students on campus life in Partner School, working experience, guidance on specialty, research work, etc are just some of the topics that you can explore. You can even consider providing internship or employment opportunity in the future or be our Mentor by joining our mentorship programme where both students and alumni benefits from this exercise. Contact us at [alumni@imu.edu.my](mailto:alumni@imu.edu.my) to know more.

**FEATURED ALUMNI** - We want employers, institutions and individuals to know where you studied and where

2019 IMU Alumni Association

you are now. Whether you are doing volunteerism, or a humanitarian or an entrepreneur we want to know it all to support your journey. Write back to us a short story of your adventure anytime and anywhere. After all, WE ARE PROUD OF YOU!

You are the "living proof" of the educational philosophy promoted at IMU. Your story will be kept and be featured wherever deemed appropriate. Write to us at [alumni@imu.edu.my](mailto:alumni@imu.edu.my)

## IMU Alumni Relations Office (ARO)

Alumni Relations Office (ARO) was established in early 2016 with the aim to develop an international network of IMU graduates and to engage alumni through the exchange of knowledge, academic ideas and professional development. The Alumni Relations Office is the point of contact for graduates of IMU.

We will ensure that your time is used wisely and that your experience is rewarding. We offer a range of special alumni events, services and publications to allow graduates to stay connected to the University and benefit from networking with one another.

## Alumni Association Committee (AAC)

IMU Alumni Association Committee (AAC) was established in 2002, and it aims to be a place to support IMU alumni and for the alumni to socialise and network with one another. The new committee members were elected in early 2019 and will serve for two years.

Position	Name	Cohort	Where are they currently working
President	Dr Gandhi N. Solayar	ME2/98	IMU Clinical Campus
Vice President	Ng Kar Foo	ND1/08	IMU School of Health Sciences
Secretary	Hii Ling Wei	BP1/07	IMU School of Pharmacy
Assistant Secretary	Mak Kit Kay	PC1/12	IMU School of Pharmacy
Treasurer	Wong Yi Kai	CH1/10	Centre of Complementary Alternative Medicine (CCAM)
Social Media & Marketing Liaison	Dr Benjamin Cheah	ME1/93	IMU Healthcare
International Liaison	Kaeshaelya Thiruchelvam	BP1/09	IMU School of Pharmacy
Alumni Liaison 1	Dr Billy Choong	DT1/11	Pusat Pergigian Mydentist
Alumni Liaison 2	Dr Rosdara Masayuni	ME2/01	IMU Clinical Campus

## Alumni Past Events

*Alumni Gathering held in Penang.*

*Alumni Talk by Dr Mohan Rajah at Seremban Clinical Campus. He specialises in Emergency Medicine.*

*Alumni Gathering: Kuala Lumpur, celebrating alumni who came back to work in IMU.*

*A Students-Alumni Adventure at Chilling Waterfalls Hiking Trip in Kuala Kubu Bharu.*

*Career Enhancement Talk: Diversify Your Skills To Build A Better Career by the alumni from three different programmes.*

*Partner School Alumni Sharing Session with Dr David Tang.*
