DISCOVER IMU'S VISION FOR CHANGE IN HEALTH

In 1992, Malaysia grappled with a severe shortage of doctors. Dr Kamal Salih, a forward-thinking individual, and Dr Mei Ling Young, a social scientist deeply committed to development, conceived a brilliant yet straightforward solution: if young Malaysian students couldn't access the medical education they deserved abroad, they would bring it to them. This idea led to the inception of the International Medical College (IMC) on 13 April 1992, under the auspices of the Education Minister at the time, YB Datuk Amar Dr Sulaiman Haji Daud. IMC pioneered Malaysia's inaugural global medical partnership programme, offering Malaysian students the chance to embark on their medical journey locally before continuing their education at one of five prestigious Partner Medical Schools (PMS) worldwide.

GAINING UNIVERSITY STATUS

On 4 February 1999, IMC became the country's first medical college to be granted university status. It was renamed to International Medical University (IMU) and provided students the additional option of reading their medical degree in Malaysia, graduating with a IMU MBBS. Since then, IMU has become an internationally recognised higher education institution offering 47 programmes and forging partnerships with over 37 esteemed universities worldwide, spanning countries such as Australia, Canada, China, Ireland, New Zealand, the United Kingdom, and the United States of America.

THE NEXT CHAPTER: BREAKING BOUNDARIES IN EDUCATION

As we continue to push boundaries and go beyond the traditional confines of healthcare, IMU's next chapter is a dynamic, progressive, and conscious evolution.

We believe that healthcare encompasses a broader spectrum of compassion, personalised care, and community well-being. This premise fuels our pioneering 'One Health' vision, an ambitious initiative that unifies the realms of human, animal, and environmental health into a singular, integrated approach.

Embarking on this new chapter, IMU transcends its enduring legacy as Malaysia's pioneer in private medical and health sciences education. We embrace change, inclusivity, and innovation as we shape the future of holistic education by extending our offerings beyond science, inspiring future generations to explore and create new possibilities within the healthcare industry.

In this exciting phase, non-science students now have a direct path to explore and excel in healthcare education, opening doors to diverse perspectives of business, technology, and social sciences. Our goal is to empower the next generation of global leaders, armed with a diverse array of multidisciplinary skills and expertise.

In alignment with this vision, on 8 March 2024, we formally rebranded ourselves as IMU University.

IMU: A MARKER OF EXCELLENCE

IMU leads the charge as a centre of global excellence and quality education.

Our commitment to maintaining high standards of quality and integrity can be seen through accreditations received from various reputable bodies.

The autonomy in self-accreditation enables us to accredit programmes which do not require accreditation and recognition from relevant professional bodies. This showcases our commitment to advancing healthcare standards globally. Additionally, regular evaluation and review of all programmes, reaffirms our continued commitment to excellence in education and healthcare.

SHAPING LEADERS FROM THE GROUND UP

At IMU, we do not just educate; we empower individuals to become leaders and innovators in their respective fields by providing the leverage they need to explore, experiment, and uncover their full potential.

Our dedication to fostering cutting-edge learning environments is evident through the establishment of state-of-the-art healthcare facilities integrated with advanced digital technologies and artificial intelligence equipment. From our on-campus integrated IMU Healthcare Clinic and Centres, to our multidisciplinary labs such as the Clinical Skills and Simulation Centre, and E-learning labs.

Our academic landscape nurtures an inclination for research among undergraduates, postgraduates, alumni, and our faculty members. As we continue to push boundaries and embrace a multidisciplinary approach, IMU spearheads a new era of groundbreaking research and innovation.

LASTING IMPACT: IMU'S UNWAVERING COMMITMENT TO COMMUNITY

Fuelled by passion and dedication, community service remains at the heart of IMU's journey in health.

Our vibrant IMU Cares Programme stemming from the early 2000s has evolved far beyond its humbling fundraising initiative. Today, it stands as a positive platform for experiential learning—an exciting adventure for all members of the IMU family to engage, learn, and make a lasting impact on the world around them.

Our new vision for the future underscores our dedication to transcend boundaries, inspire new possibilities, and empower the next generation of global leaders. We are here to elevate passion through the power of education, and help every dream become a reality.

THE UNIVERSITY MACE

The mace is the symbol of authority of the International Medical University (IMU).

The globe at the top symbolises the international nature of the University. Gold denotes the quality of education provided by the IMU.

The seven krises (traditional Malay weapon) represent the nations participating in the international medical consortium.

The songket motif symbolises the country's cultural tradition.

The Bunga Raya (Hibiscus) is Malaysia's national flower.

The five facets of the mace stand for the five continents of the world.

The second ring consists of the logo of the IMU to signify its new charter as a University. Below the second ring of the mace are the logos of the original five Partner Medical Schools which helped start this innovative medical programme.

The original International Medical College emblems are etched on each side of the brace in the third ring of the mace. Below the third ring are the logos of the international Partner Universities involved through their medical schools in the international medical consortium.

The bottom part of the mace is carved in the shape of the Kelantanese gasing (spinning top), another symbol of Malaysian culture.

THE LOGO

SHAPING FUTURE GLOBAL HEALTH LEADERS

The IMU University logo stands as a testament to our dynamic, progressive, and conscious evolution in shaping the future of health education in Malaysia and beyond.

Embracing this expansive vision, the emblem seamlessly showcases how we aim to innovate with the introduction of our 'One Health' vision, a groundbreaking initiative that unifies multiple sectors, disciplines, and communities. The Rod of Asclepius signifies our enduring legacy and commitment to inspire future

generations from diverse backgrounds to explore and create new possibilities within the healthcare industry. The globe symbolises IMU's ambitions to nurture leaders of international calibre through world-class educators, dynamic innovation, and collaborative global partnerships. The use of Cosmic Cobalt Blue colour serves as a visual dedication to professionalism, care, and trust, emphasising our steadfast commitment to promoting health and well-being.

IMU VISION

We champion health equity and quality of life for a better world through excellence in education, research, and innovation.

We are a leader that adopts a holistic learning approach and global partnerships to nurture professionals, scholars, and policy makers.

IMU MISSION

Our mission is to ignite a paradigm shift in the One Health concept, which encompasses human, animal, and environmental health, and we do this through:

- Holistic educational approaches that consider the world's health ecosystem, designed to prepare global professional leaders
- World-class educators, practitioners, and researchers to advance the latest clinical, industry, and scientific knowledge
- Compelling community partnerships in engagement, teaching, and research initiatives that improve quality of life
- Insightful digital initiatives and emerging technologies that empower students, faculty, researchers, and staff to thrive in a dynamic future
- Dynamic programmes and extracurricular activities that foster multi-disciplinary collaboration and innovation
- Collaborative networking with industry, alumni, and international partners to nurture and promote leaders of tomorrow

IMU CORE VALUES

EMBODY ETHICS AND PROFESSIONALISM

At our core, we believe in being accountable, ethical, efficient, resourceful, and competent. We strive to turn our dreams into reality by embodying these values in everything we do.

LEAD WITH A SERVICE-MINDSET

As leaders, we serve our stakeholders while advocating their needs. We can all make a positive impact by being innovative, responsive, and compassionate in thought and action.

STRIVE FOR A BETTER WORLD

We are committed to making the world a better place. We do this by focusing on sustainability, health equity, and global citizenship. Our goal is to help create a brighter future for everyone, and that's what empowers us.

CHANCELLOR AND PRO-CHANCELLOR

**YBhg Tan Sri
Dato' Dr Abu Bakar Suleiman**

Chancellor

**YBhg Academician Datin Paduka Setia
Dato' Dr Aini Ideris**

Pro-Chancellor

DVM (UPM), MVSc (Liverpool), PhD (UPM), FASc, FIAS, FMCVS, FMSA, SSIS, DPMK, DSIS, PSK, KMN

MESSAGE FROM THE VICE-CHANCELLOR

“Welcome to the November Convocation of 2024. We are proud to see our graduands here today, on the cusp of the next phase in your lives. This ceremony is dedicated to celebrating your achievements and acknowledging your hard work. Congratulations to all graduands. Your dedication to your studies have brought you to this pivotal moment. ”

YBhg Academician Professor Emerita Datuk Dr Asma Ismail

Vice-Chancellor

BSc (Bio) (USA), MA (Microbiology) (USA),
PhD (Cellular Molecular Biol) (USA), FASc, PJN,
DPMP, DSDK, PSK, SMP, BCN

To the families, friends, and the university's faculty who have supported them through their studies, we also humbly acknowledge your contributions – big and small – towards their successes.

The world we operate in has changed. As we gain the ability to unravel the complexities of the world, we have also deepened our understanding of the intricate relationships between humankind, the earth we live in and the living creatures and organisms we share it with.

This interrelationship has shifted the way we think of health. Today, instead of focussing on human health in silo, we need to focus on our health as part and parcel of a bigger picture. This starts with changing the way we teach and educate our learners. We can no longer train the next generation to think in linear terms, but rather we need to inculcate in them systems thinking – to look at diseases and treatments and the health challenges facing communities as part of a bigger ecosystem.

I am proud that at the IMU University, our curricula have been designed to expand the minds of our students to see beyond their specialities and areas. The university is also widening our offerings to encompass a wider base of health-focussed professions. This year, we welcomed the first cohorts of three of our new programmes, namely the Foundation in Arts, as well as the Business Administration with Healthcare Management Degree and the Bioveterinary Science Degree.

These variety of programmes have enabled us to open more pathways to those seeking careers in the healthcare sector, making health education more accessible to those of non-science backgrounds. We also hope that this will be a foundation for our medical, business, social science and veterinary students to form cross-specialty synergies at the university and that these bonds will continue as they progress in their respective futures.

As the next generation of leaders, I encourage you to strive for a more sustainable way of life. This journey requires us to collaborate in addressing the intertwined challenges of human health, environmental integrity, and animal well-being. While a spirit of enterprise will help us achieve our individual goals, it is through teamwork that we can make a lasting, meaningful impact.

In all we do, a humanity-centered approach is essential. Whether you're involved in medical or healthcare services, traditional medicine, analytics, or management, our focus should always be on connecting with patients and communities. We need to understand the heart of their challenges and create solutions that are practical and impactful.

Above all, remember that being a good human is the foundation of true leadership. Let your ethics and values guide you from within, so that in any situation, you'll do what is right – not merely what is expected.

There is no doubt in my mind that you are ready to navigate the unknown and complex challenges of the future. Use the skills, knowledge and networks that you have gained here to advocate for a future that you can be proud of.

Remember, no matter where life takes you, *you are IMU, and IMU is you*. Step into the world with purpose—embrace it, serve it, be an agent for positive change and make us proud.

Once again, congratulations to the class of 2024.

CONVOCATION PROCEEDINGS

9 November 2024

Mei Ling Young Auditorium, IMU Bukit Jalil Campus

SESSION 1

7.00am - Arrival and Registration of Graduands and Guests

7.30am - Arrival of Senate members
- Arrival of the Vice-Chancellor and members of the Board of Governors
- Arrival of Chancellor and Pro-Chancellor
- Official Photography of Graduands

8.00am - Guests to be seated

8.30am - Procession of Graduands
- Academic Procession and Grand Procession
- Negaraku
- Recital of Doa
- Announcement of the Purpose of the Congregation
- Official Opening of the Convocation Ceremony
- Address by the Vice-Chancellor
- Address by the Chancellor
- Conferment of the PhD in Medical and Health Sciences
- Conferment of the Master of Science in Medical and Health Sciences
- Conferment of the Master of Science in Public Health
- Conferment of the Bachelor of Medicine and Bachelor of Surgery (MBBS)
- Conferment of the Bachelor in Medical Sciences (Hons)
- Address by the Student Representatives of the Graduating Classes

9.50am - Adjournment
- Procession exits
- Reception

SESSION 2

9.00am - Arrival and Registration of Graduands and Guests

AWARDS WINNERS
NOVEMBER 2024

Dr John Joseph Bosco Memorial Gold Medal

The Dr John Joseph Bosco Memorial Gold Medal is awarded to a graduating IMU MBBS student who has achieved the highest academic excellence throughout his/her degree. One medal may be awarded in each graduating cohort. This award is given in memory of the late Dr John Joseph Bosco who played an instrumental role in the development of the IMU Clinical Campus.

Jasmine Chee Hui Ming

Bachelor of Medicine and
Bachelor of Surgery (MBBS)

Cohort: ME2/19

Jasmine Chee is a distinguished graduate of the Bachelor of Medicine and Bachelor of Surgery (MBBS) programme. Renowned for her calm, empathetic, and thoughtful nature, she embodies the qualities of a well-rounded medical professional. Jasmine has consistently demonstrated academic excellence while being a supportive and generous peer, always willing to share her knowledge. Despite her introspective character, she possesses astute perception and intuition, culminating in remarkable leadership as the subgroup leader of her batch's subgroup. Beyond her academic achievements, she has been actively involved in activities organized by IMU's clubs and societies and contributed significantly to support community service initiatives by IMU Cares, which serves underprivileged communities and supports the work of palliative care hospices alongside peer tutoring her juniors in her free time. With a passion for promoting health equity, especially for marginalised communities, she strives to make a meaningful difference in healthcare and attributes her success to the unwavering support of her family, friends, and mentors.

Dr Saidi Hashim Memorial Gold Medal

The Dr Saidi Hashim Memorial Gold Medal may be presented twice a year to the top student of the convocating cohort who will be continuing their studies either to the IMU Clinical Campus or Partner Schools overseas. The gold medal award is given in honour of the late Dr Saidi Hashim Tahir, one of the founders of IMU.

Loo Jian Heng

Certificate of Completion for Phase 1
of the Medical Programme
Cohort: ME1/22

Loo Jian Heng completed Phase 1 of the Medical Programme at IMU, achieving the highest marks in the end-of-semester two and five exams, reflecting his commitment to excellence. His proactive learning approach and curiosity were evident during clinical attachments, where he showcased strong leadership and teamwork. Beyond academics, Loo was an active leader on the Executive Committee of the Asian Medical Student Association (AMSA) and served as Director of AMSEP 2023 between Malaysia and Mongolia. He organized alumni talks, contributed to initiatives like First Aid Workshops, and tutored junior students. Loo also excelled in sports, winning medals in badminton and futsal at the IMU Cup and Med Cup events, supported by encouragement from family, friends, and mentors.

Malaysian Medical Association Wilayah Persekutuan (MMAWP) Award for Professionalism and Leadership

Malaysian Medical Association Wilayah Persekutuan (MMAWP) Award for Professionalism and Leadership is awarded to high academic achieving students who have shown outstanding professional conduct, leadership and community service. This award is given to a student in the cohort completing Semester 10 of the MBBS programme.

Shivadeva Selvamani

Bachelor of Medicine and
Bachelor of Surgery (MBBS)
Cohort: ME2/19

Shivadeva Selvamani is a dynamic MBBS student who balances academics with personal and professional development. Passionate about medical education and community service, he served in leadership roles as National Officer on Medical Education for the MMA Medical Students Society, President of the IMU Surgical Society and the Hippocrates Society, respectively, and served as Malaysia's delegate for the International Association of Student Surgical Societies. He and his team successfully launched a social media series on Malaysia's medical education systems. He was recently invited to judge an international surgical skills competition and facilitate sessions with renowned surgeons. Despite his commitments, he remains productive in his studies, believing a successful MBBS requires balance: "All work and no play makes Shiva a dull boy."

Dr Tan See Leng Award of Leadership

This award is given to a graduating IMU MBBS student who showed outstanding engagement and performance academically and in the professional and personal development through active participation, engagement, advisory and leadership. The award is named after Dr Tan See Leng, a renowned Family Physician and leader in the healthcare industry.

FIRST PLACE

Shivadeva Selvamani

Bachelor of Medicine and
Bachelor of Surgery (MBBS)

Cohort: ME2/19

Shivadeva Selvamani, a graduate of the Bachelor of Medicine and Bachelor of Surgery (MBBS) programme is an outgoing and enthusiastic leader, known for his ability to keep up with studies while taking on numerous leadership roles. Academic success has always been at the forefront of his priorities, yet he has never confined himself to the classroom. Actively engaging in a variety of workshops and continuous medical education sessions, Shivadeva consistently meets his learning targets. Equally committed to professional and personal growth, he embraced leadership opportunities at local, national, and international levels, organising and leading over 15 major events. Among these, he chaired the highly regarded Global Surgery Symposium and the Chronic Obstructive Pulmonary Disease (COPD) Symposium. Challenging himself on larger stages, he also led his team to the semi-finals of the Intervarsity Battle of Skills 2024, competing against 20 other universities. Shivadeva is a firm believer in the value of being an all-rounder, quoting, “versatility is the true mark of mastery”. He urges juniors to explore beyond the classroom, where true growth happens.

He dedicates this award to his supportive family, lecturers, and fellow friends.

RUNNER UP

Siow Jo Ann

Bachelor of Medicine and
Bachelor of Surgery (MBBS)

Cohort: ME2/19

Siow Jo Ann, a graduate of the Bachelor of Medicine and Bachelor of Surgery (MBBS) programme is a distinguished leader celebrated for her proactive approach and passion for learning. Actively involved in various extracurricular activities, she serves as the Vice President of the IMU Surgical Society, where she organised key events and co-chaired the Malaysian Student’s 4th Annual Surgical Symposium. She contributed as a committee member for the 1st International Junior Doctors’ Network (JDN) Malaysia Conference and as a General Assembly content executive for the Malaysian Medical Summit (MMS) 2022 organised by MMI. Jo Ann is dedicated to continuous education, engaging in numerous continuous medical education (CME) events and case discussions with the Malaysian Students’ Surgical Society (MSSS). Her public health involvement includes organising breast cancer screenings and volunteering for outreach initiatives like Project Share Care and the Giving Beyond Medical Outreach Programme. Additionally, she has served as a peer tutor, demonstrator, and global ambassador for the MMI Mental Health Initiative, believing that medical students should strive for academic excellence, community leadership, and service.

Board of Governors' Gold Medal

The Board of Governors' Gold Medal is awarded to the student who achieves the highest academic standing in his/her pharmacy degree programme.

Chan Xi Lin

Bachelor of Pharmacy (Honours)

Cohort: BP1/20

Chan Xi Lin has been awarded the Board of Governors' Gold Medal for her outstanding performance in the Bachelor of Pharmacy (Honours) programme. She has excelled in pharmacology, clinical pharmacy, and pharmaceutical chemistry, demonstrating academic dedication and a strong work ethic. Her meticulous preparation and collaborative spirit stand out among her peers. Chan's enthusiasm for learning drives her to consistently push her limits. In addition to her studies, she actively participated in events like the IMU Pharmacylympics Cup and IMU Pharmacy Week, enhancing both her hard and soft skills. Despite a demanding academic schedule, she effectively balances her studies with co-curricular activities, showcasing her excellent time management skills. Through these experiences, she has developed strong communication, leadership, and teamwork abilities, contributing to her overall growth as a pharmacy student.

Tun Zahir Merit Award

The Tun Zahir Merit Award is given to a graduating student who has shown outstanding academic excellence in his/her graduating cohort. This award is given in memory of the late Tun Dato' Seri Dr Mohamed Zahir who was the Chancellor of IMU from 1999 to 2005.

Ong Ghee Khang
Bachelor in
Medical Sciences (Hons)
Cohort: MEI2/21

Ong Ghee Khang graduated with First Class Honours in the Bachelor in Medical Sciences (Hons) degree. He is a driven student with a strong passion for becoming a medical oncologist, focusing on cancer research. Through the BMedSci programme, he gained expertise in transcriptomic analysis and cell death signaling pathways in cancer. His final year project investigated oncolytic Pteropine Orthoreovirus (PRV) in leukemia and cancer stem cells, highlighting his dedication. He has also contributed to microbiology and infectious pathology articles and case reports.

Beyond academics, Ghee Khang actively volunteers at elderly and disabled homes, reflecting his compassion. His talent as a speaker earned him the Best Oral Presentation Award at the Malaysian-Japan Visionaries Conference 2024. He also collaborated with his mentor on lab experiments and served as Arts Director and vocalist in an IMU Cares music video for COVID-19 front-liners. Additionally, he is a creative teacher who supports his peers in overcoming challenges.

Tan Kuan Teng
Bachelor of Science (Hons)
in Pharmaceutical Chemistry
Cohort: PC2/21

Kuan Teng, who graduated with a Bachelor of Science (Hons) in Pharmaceutical Chemistry, received the prestigious Tun Zahir Merit Award for his dedication, resilience, and passion for learning at IMU University. He balanced academic excellence with personal development, earning accolades such as the Best Poster Presentation Award at the 2024 IMU International Pharmacy and Pharmaceutical Science Conference. In addition to his academic success, he served as Secretary and President of the IMU Scholar's Committee, leading various initiatives and events, and contributing actively to the School of Pharmacy's programmes. His strong time management, problem-solving, and teamwork skills allowed him to excel in both leadership and collaboration, while always supporting his peers and the broader community. This award further motivates Kuan Teng to continue striving for excellence in all areas of his life and to make a positive impact on society.

Tun Zahir Merit Award *(cont.)*

Cheaw Yue Wen
Bachelor of Science (Hons)
in Biomedical Science
Cohort: BM1/21

Cheaw Yue Wen is a remarkable graduate from the Bachelor of Science (Hons) in Biomedical Science programme. Known for her driven and cheerful personality, Yue Wen embodies diligence and intelligence, qualities that have propelled her to academic excellence. As an IMU Merit Scholarship holder, she has consistently demonstrated her commitment to scholarship and leadership throughout her studies. Yue Wen has made significant contributions to the university community, serving as a member of the Board of Directors and Project Leader for the IMU Scholar Committee, where she has fostered collaboration and innovation among her peers. Additionally, she excelled as the Head of Logistics for the World Health Fest 4.0, showcasing her exceptional organisational skills. As the Public Relations Representative for the Scholar's Committee, Yue Wen effectively communicated the committee's initiatives, enhancing its visibility and outreach. With her bright spirit and outstanding achievements, Yue Wen is poised to make a meaningful impact in the field of biomedical science and beyond.

Leong Khai Qian
Bachelor of Science (Hons)
in Medical Biotechnology
Cohort: MB1/21

Leong Khai Qian, an IMU scholar, graduated with First Class Honours in the Bachelor of Science (Hons) in Medical Biotechnology. Known for her empathy and reflective nature, she values meaningful connections and is committed to both personal and professional growth. Khai Qian is highly adaptable, self-motivated, and excels in balancing academic and extracurricular pursuits. She served as President of the IMU Peer Support Club 22/23 and led various events, including the "World Health Fest 4.0" event. For her final year research, Khai Qian investigated the inhibitory effects of Osmanthus flower ethanol extract on human cytochrome P450 3A4 (CYP3A4) and cytochrome P450 2C9 (CYP2C9). This project taught her resilience, as she overcame unexpected challenges through perseverance and adaptability. Khai Qian is deeply passionate about biotechnology and aspires to make a meaningful impact on society through her future work.

Tun Zahir Merit Award *(cont.)*

Faustina Anne A/P Santhana Dass

Bachelor of Science (Hons)
in Dietetics with Nutrition

Cohort: DN1/20

Faustina Anne A/P Santhana Dass graduated with a First Class Honours from the Bachelor of Science (Hons) in Dietetics with Nutrition programme. Underneath her gentle nature lies a tenacity to strive for excellence in everything that she does. Her diligence and systematically thoughtful reflections of her learning process has helped her maintain her academic excellence in the face of multiple challenges. Feeling secure to make mistakes and learn, Faustina has witnessed her personal growth from a Year 1 student to who she is now. Faustina's research project and patient case management were showcased at national conferences. Her non-academic involvements include voluntary research and community empowerment activities to continuously learn new skills and help others. She credits her success to her family who were a source of motivation, and appreciates the continued guidance, support, and advice from her lecturers, clinical instructors and mentor.

Ah Hui Gi

Bachelor of Nursing (Hons)

Cohort: NU1/20

Ah Hui Gi is an accomplished nursing graduate with First Class Honours from the Bachelor of Nursing (Hons) programme. Known for her diligence and determination, she consistently strives for excellence in her nursing role. Hui Gi's genuine care and empathy towards patients and their families set her apart in the field. With strong leadership skills, she actively guides and inspires her juniors, serving as a positive role model. Additionally, she is passionate about contributing to the community, participating in various events to make a difference.

Lee Yu Ki

Bachelor of Science (Hons)
in Chinese Medicine

Cohort: CM1/20

Lee Yu Ki graduated with First Class Honours from the Bachelor of Science (Hons) in Chinese Medicine programme. An intelligent, hardworking, and self-motivated individual, Yu Ki consistently excelled in her academic performance. As the class representative, she effectively balanced her leadership role with her studies. During her clinical practice, she displayed exceptional potential, known for her calm demeanour and professionalism in high-pressure situations. Her ability to solve complex problems independently, with minimal supervision, demonstrated both her maturity and expertise in the field. Beyond academics, Yu Ki was actively involved in community service and student activities, contributing to her well-rounded character and dedication to helping others.

Tun Zahir Merit Award *(cont.)*

Wong Rong-Shyang
Bachelor of Science (Hons)
in Chiropractic
Cohort: CH2/20

Wong Rong-Shyang graduated with a First Class Honours from the Bachelor of Science (Hons) in Chiropractic. Throughout his time in the programme, Rong-Shyang has demonstrated a strong commitment to his studies and the field of chiropractic. He excelled in his academics, including the clinical settings. His active participation in the World Spine Day 2023 and the Student Mobility Programme at CQUniversity, Australia, reflects his drive to broaden his experience and understanding of chiropractic care.

Rong-Shyang dedicated himself to fostering a collaborative and enriching academic and clinical environment. He also consistently contributed to research discussions and peer study groups, where his ability to share knowledge with his fellow classmates stood out. His collaborative efforts enhanced the learning, positively impacting the patients and colleagues he worked with throughout his journey at IMU. His pursuit of excellence inspired everyone around him, making him well-deserved of this prestigious award.

Yang Xing Zhi
Bachelor of Science (Hons)
in Psychology
Cohort: PS2/21

Yang Xing Zhi is an exemplary student who excels both in her studies and extracurricular activities. As an IMU Scholar, she involves herself actively in leadership roles and diverse projects within and off campus. Amongst a few highlights, not only did she spearhead IMU's Sleep Fest, a pioneering event at the Bukit Jalil Campus, she also proudly represented Malaysia on an international stage, winning the ASEAN Social Impact Programme at Fulbright University Vietnam. While balancing her academic pursuits, she dedicates her free time serving as IMU's student librarian and volunteer tutor for Teach for Malaysia and Projek Anak Malaysia in Kota Marudu, Sabah. A firm believer in change and advocacy, she involves herself in public policy, and initiatives concerning health and education inequity - holding roles as a researcher for the Youth Economic Forum and Finalist of the 2024 Public Policy Roundtable by Perdana Fellows Alumni Association.

THE GRADUANDS
NOVEMBER 2024

PhD in Medical and Health Sciences

Kho Mee Teck

Thesis Title: Deciphering host-parasite interactions: A systems biology comparative analysis of mice infected with *Toxoplasma gondii* and *Trypanosoma brucei brucei*

Suresh Kumar Balakrishnan Nair Radhama

Thesis Title: Effects of medication inappropriateness, medication burden and frailty on quality of life and sleep quality among aged care home residents

Master of Science in Medical and Health Sciences

Cheow Yi Qi

Thesis Title: Association between serum short-chain fatty acids (SCFAs) with dietary intake pattern and bone health in pre-adolescent children supplemented with prebiotic fibre

Sakti Jaiganeish A/L E.Vennarajan

Thesis Title: Roles of salivary microRNAs as potential non-invasive biomarkers in assessing effectiveness of combined therapy with gliclazide and metformin regimen among obese type 2 diabetes mellitus (T2DM) patients

Master of Science in Acupuncture (MSc Acupuncture)

List of Graduands for MSA1/20 & MSA1/21

Chai Tze Chyan

Loh Chian Hui

Sim Sze Kiat (with Distinction)

Yu Jwu Gian

Master of Science in Molecular Medicine

List of Graduands for MMM1/23, MMMO1/21, MMMO2/22 & MMMO2/23

Fathimath Sumeyha (with Distinction)

Lee Peak Ngan (with Distinction)

Sun Yi Jo

Yew Siu Hui (with Distinction)

Master of Science in Public Health

List of Graduands for MSPH1/23, MSPH223, MSPHO220, MSPHO122, MSPHO222 & MSPHO123

Anita Maheshwari

Fong Ying Wei

Jasmin binti Mohamed Ariff (with Distinction)

Lee Kai Wei (with Distinction)

Lum Ai Ling

Mohamed Moustafa Abdalla Moustafa Khalil Elgendy

Sujatha Nair A/P Kersenernayer

Master in Health Informatics and Analytics

List of Graduands for MHIA1/21 & MHIA1/23

Bashobhini A/P Suresh Kumar (with Distinction)

Cheong Yih Jeng (with Distinction)

Darrshini A/P Parthibhan (with Distinction)

Kwan Jia Ee (with Distinction)

Lau Xiao En (with Distinction)

Lee Sin Yee

Liew Chuin Hen (with Distinction)

Mervin Lee Weng Onn (with Distinction)

Mohan Dass A/L Pathmanathan (with Distinction)

Simranjeet Kaur (with Distinction)

Yee Lee Eng (with Distinction)

Yee Li Xien (with Distinction)

Master in Health Professions Education

List of Graduand for MHPE1/22

Chye Soi Moi

Master in Pharmacy Practice

List of Graduands for MPP1/20 & MPP2/21

Chow Li Yuet

Nor Hadi bin Muhammad Syukri Loh

Master of Business Administration in Healthcare Management

List of Graduands for MBAHM1/20, MBAHM2/21, MBAHM1/22, MBAHM2/22 & MBAHM1/23

IMU ALUMNI

Congratulations on completing your education and welcome to the IMU Alumni Community! As an IMU graduate, you are now a valued member of the IMU Alumni Community.

As an IMU Alumni member, you can access the Alumni Portal to connect with former classmates, lecturers, and mentors. You can participate in business and social networks, attend physical and online events, and receive updates on IMU news. Plus, you can enjoy special privileges such as discounts on continuing professional development programmes at the IMU Centre for Lifelong Learning (ICL). Many alumni share their experiences with current IMU students, giving back to the community.

How to Connect?

Keep us up to date with your profile information, working experiences and Award Achievements via Alumni Portal.

If you haven't received your activation email from the Advancement & Alumni Office, please scan the QR code to stay connected to your classmates and IMU University.

3 Easy Steps to REDEEM Your 1st Job Gift!

STEP 1

Activate your Alumni Portal account.

STEP 2

Update your organisation information. Drop a message to IMU Staff via chat. Simply saying Hi, I have updated my first job details.

STEP 3

Share any pictures that bring back memories of IMU on your Instagram account and tag us @imualumni

Note: AAO will be reaching out to you for your address to send you the gift. No matter where you are, you can expect your gift to arrive soon!

IMU Advancement & Alumni Office

The Advancement & Alumni Office (AAO) was established in 2016 with the goal of creating an international network of IMU graduates and engaging them through the exchange of knowledge, academic ideas, and professional development. We aim to strengthen the professional standing of IMU Alumni, strengthen the bond between Alumni and Students, as well as create a strong culture of giving back to IMU University.

IMU Alumni Association

The Alumni Association of International Medical University (AAIMU) was established in 2002. The current AAIMU committee was elected in 2023 and will serve for the next two years. The AAIMU has set up Chapters to coordinate events and activities with the IMU Schools and Centres. These collaborative efforts allow the alumni to socialise and boost their personal growth.

Stay connected with us via social media:
