

IMPLANT DENTISTRY

Postgraduate Diploma

KPT/JPT(R/724/7/0019)06/2026 | MQA/SWA6111

Find fulfilment in the art of dental implant placement and restoration

This programme aims to equip you with cutting edge expertise to plan, treat and rehabilitate a range of simple to advanced partially or fully edentulous patients using dental implants. It is Malaysia's first and only MQA accredited Postgraduate Diploma in Implant Dentistry. Along with an evidence-based syllabus on treatments, prostheses, techniques and materials, students will also receive one-to-one supervision for surgical and prosthetic stages for actual patients. As demand increases, come find fulfilment in a stable and rewarding career.

Degree / Duration

Postgraduate Diploma in
Implant Dentistry (IMU)
1 year (Full-time)
2 years (Part-time)

Commencement

Oct

Programme Structure

This programme includes on-site, off-site and e-learning activities with compulsory on-site activities at IMU School of Dentistry delivered over twelve months. Clinical activities provide the option of treating patients at IMU's Oral Health Centre or in their own clinics. Upon completion of clinical cases, students can attend final assessment according to the scheduled dates in the academic calendar.

Activities

Face-to-face lectures • Online learning •
Seminars • Case-based learning • Task-based
learning • Practical hands on • Clinical sessions

Assessment

Both full-time and part-time students will receive formative and summative assessments: Online Single Best Answer (SBA) • Short Answer Questions (SAQ) • Objective Structured Clinical Examination (OSCE) • Logbook and Portfolio (with specific requirements)
