

NURSING

KPT/JPT(R/723/6/0125)04/2027 | MQA/FA8944

Find your calling as the backbone of patient care

Studying nursing offers diverse and rewarding opportunities. The demand for nurses is perpetually high, opening doors to both professional and personal fulfilment. At IMU, you will be given the opportunities to learn a wide range of nursing skills. Beyond knowledge and theory, our integrated Clinical Skills and Simulation Centre (CSSC) simulates clinical environments and ward settings, ensuring that students get the required skills and exposure before their postings. Studying nursing is a path that not only offers job security, but also provides a profound sense of fulfilment. Come make a difference in the lives of others.

Degree / Duration

Bachelor of Nursing (Hons)
(IMU)
4 years

Commencement

Sep

Assessment

Students will be assessed via a comprehensive range of methods:

- Incidental report
- Practical assessment
- Assignments
- Projects
- Portfolios
- Reflective journals
- Clinical assessment presentation
- Case studies
- Classroom and client teaching assessment
- Objective Structured Clinical Examination (OSCE)

Degree Recognition

IMU's Nursing degree is recognised inside and outside Malaysia. Nurses who hold a degree also increase the likelihood of securing high positions in their workplace. Today, IMU's Nursing graduates are employed around the world, including US, Australia, Germany, New Zealand, Saudi Arabia, Singapore and Japan. Some even go further, pursuing their postgraduate degrees in the US, UK, Japan, Singapore and here in Malaysia.

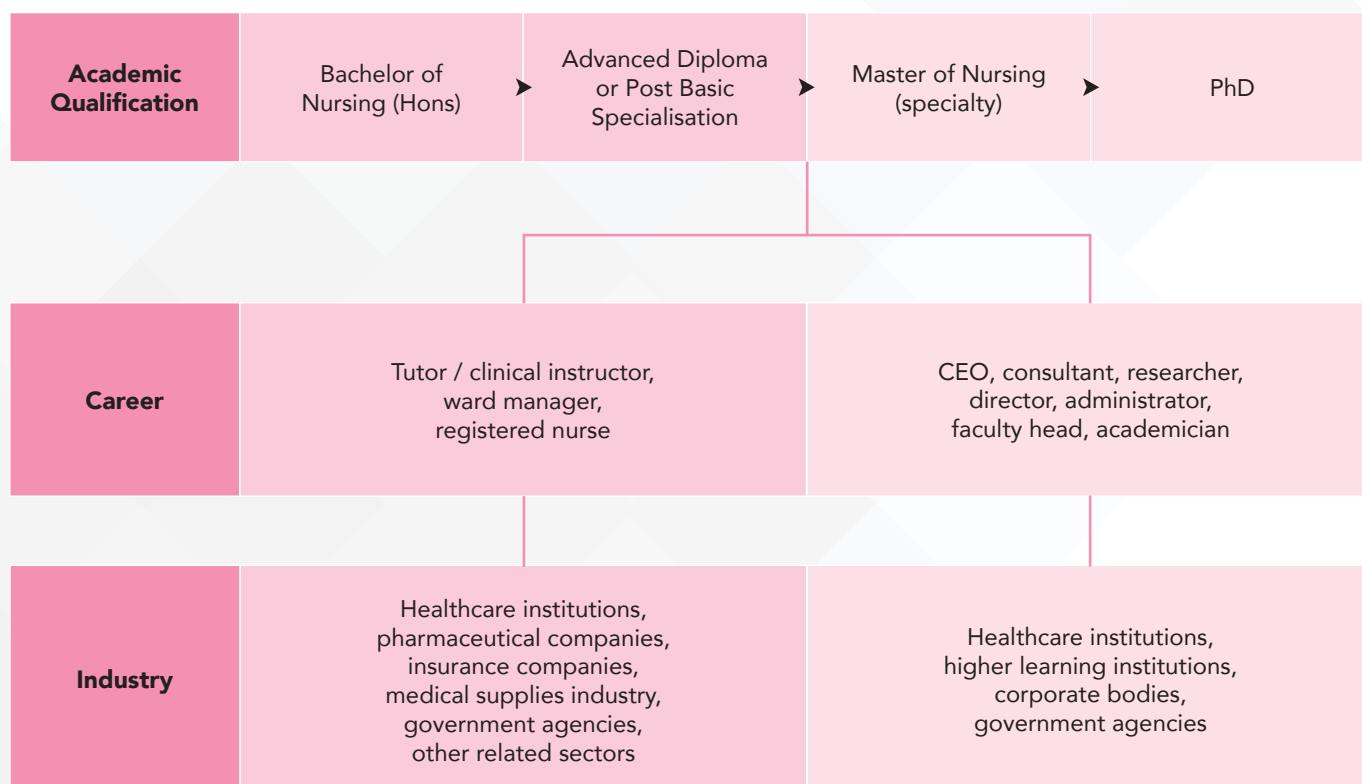

Career Pathways

A Nursing graduate registered with the Nursing Board Malaysia receives high recognition locally and abroad. A great demand for nurses awaits you in Malaysia and beyond, largely due to the shortage of nurses globally.

Upon graduating you may choose to work as a registered nurse. Alternatively, you can pursue an advanced diploma or post basic specialisation in maternity, orthopaedic, critical care nursing, renal nursing, perioperative nursing, community nursing, gerontology nursing and more. Graduates can even pursue a Master's and Doctorate (PhD).

Opportunities for Nurses
