Step into a world of advanced learning and research innovation, where academic excellence meets a vibrant community dedicated to shaping the future of healthcare.

Welcome to the world of Postgraduate Studies, where your journey of advanced learning and scholarly exploration begins. We are dedicated to supporting your pursuit of academic excellence, research innovation, and professional growth. At IMU, we foster a vibrant community of passionate faculty, esteemed researchers, and driven postgraduate students, all working together to push the boundaries of knowledge and achievement.

Our programmes are internationally benchmarked, and are designed to meet the current and future demands of the healthcare industry. Additionally, our programmes offer the flexibility of either full-time or part-time mode, so that you can pursue your work and study commitments with ease. There are also opportunities for students to earn an additional degree from our partner universities overseas via credit recognition, so you can expand your horizons for intellectual growth and collaboration. Let us strive for academic excellence, foster a culture of inquiry, and contribute meaningfully to the advancement of knowledge at our vibrant academic environment. Join us, and further your academic and career pathway in the immersive world of Healthcare.

Prof Vishna Devi Nadarajah

Deputy Vice-Chancellor, Academic

BSc (Hons) (Malaya); MHPE (Maastricht); PhD (Cambridge)

The journey to becoming a compassionate healthcare professional extends beyond lecture halls. Campus life is where lifelong memories are made. IMU takes your entire experience into consideration, designing our campuses to ensure holistic growth. Here, learning is accompanied by laughter, and knowledge supported by collaborations, application and friendships that form lifelong bonds. Our campus is your vibrant hub where you'll find the rhythm to stay inspired. Here's a glimpse of the enriching experiences waiting for you:

- Green Zone
- IMU Healthcare
- Indoor Game Studio
- Fully-equipped Gym
- Dance Studio
- Pandan Serai Cafe
- Recreational Student Lounge
- Medical Museum
- Research Labs
- Clinical Skills & Simulation Centre
- Multidisciplinary Labs

Feel the vibes of Kuala Lumpur

IMU is just a short walk to the Sri Petaling and Bukit Jalil LRT stations, and it's your direct link to Malaysia's capital, affectionately known as Kuala Lumpur (KL). Feel the vibes of our captivating city, where tradition meets all things trending. Boasting a rich cultural tapestry, vibrant street markets, iconic landmarks, and foodie havens at every turn, you'll find something to do, 24/7. Its bustling streets showcase Malaysia's diverse population, multi cultures, and ethnicities.

KL is also a global hub for business, innovation, and education, making it an ideal base for a well-rounded academic journey. With its rich variety waiting to be explored, KL invites you to experience its energy, variety, and hospitality.

Your holistic new chapter begins here

Make meaningful, lifelong connections

We're not just dedicated to nurturing your dreams; we're here to help you cultivate lifelong connections with peers, esteemed alumni, and inspiring lecturers.

At IMU, we understand every student's journey is a unique and transformative experience. Your wellbeing and aspirations are our priority. That's why we've established our student support services that complement your academics throughout your exciting new journey. From sports to social clubs, cultural to religious societies, and whether you seek academic guidance, counselling, or career advice, our dedicated team will give you the support you need to thrive:

- Sports and Social Clubs
- Cultural and Religious Societies
- Student Representative Council (SRC)
- New International Students Support
- Scholarships and Financial Assistance
- Accommodation and Disability Support
- Counselling and Mental Health Support
- Student Welfare, Insurance, and General Services
- Student Talent and Development
- Alumni Relations

Beyond just an educational institution, IMU, is your partner in holistic and personal growth, dedicated to nurturing you to become a healthcare professional who is also the best version of yourself.

Discover, develop, and connect

Doctor of Philosophy in Healthcare Management

(N/0910/8/0002) (10/30) (MQA/PSA16676)

Duration | 3–4 years **Commencement** | Throughout the year
Programme to be completed locally.

Shape the future of healthcare

Make your mark in the ever-evolving landscape of healthcare. Begin your transformative journey to become an industry shaper through cutting-edge applied research. The Doctor of Philosophy in Healthcare Management is your passport to undertaking a substantial passion project of your choice.

Funded research

IMU allocates more than RM500,000 of internal funds for research every year. Alongside this commitment, our researchers have also successfully obtained significant amounts of grants from external funding bodies or government grants.

“The experiential learning has assuredly honed my laboratory skills, from drug design and synthesis to bioassay techniques. The research project has trained and prepared me to face a job that commands analytical knowledge and practical competence.

Bu Huey Enn

Alumna,
Master of Science in Analytical and Pharmaceutical Chemistry

Innovate the future of healthcare at IMU, grow under the guidance of our supportive community, and push your the boundaries in your pursuits.

Taught by the best

Your entire academic journey at IMU will be under the tutelage, guidance, and supervision of academic experts in healthcare. Students will greatly benefit from the university's highly experienced faculty, from their knowledge, experience, connections, and contributions in their respective fields throughout your various research activities, and systematic review studies. Students are strengthened by additional support from guest lectures who are industry experts. Additionally, the programmes conducts industrial visits, where students will have the chance to connect with healthcare providers in-person and learn the best practices applied by the industry today.

“Postgraduate studies in IMU is world-class. All of the experiences would not have been possible without the support and guidance from my supervisors.

Dang Nguk Ling

Alumna, Master of Science in Medical and Health Sciences

“With a comprehensive variety of classes and a team of knowledgeable and experienced faculty, it made studying interesting, informative, and the knowledge obtained from this programme will be directly applicable in my career.

Dr Benjamin Loo Tat Meng

Alumnus,
Master of Business Administration in Healthcare Management

Develop the best version of yourself

Top-notch facilities

Fully immerse yourself into your research and studies with the well-equipped facilities the programme has to offer. IMU has set up the necessary infrastructure and facilities to support your research. From the e-lab for bioinformatics and in silico research, to the animal lab for comprehensive research investigation. There are also a variety of research laboratories and tissue culture laboratories for medical science research, and an animal storage facility with state-of-the-art caging and maintenance of experimental animals.

IMU consistently upgrades its facilities and services to ensure cutting-edge learning experience for the students to excel.

Wong Ting Xuan

Alumna, Master of Science in Medical and Health Sciences

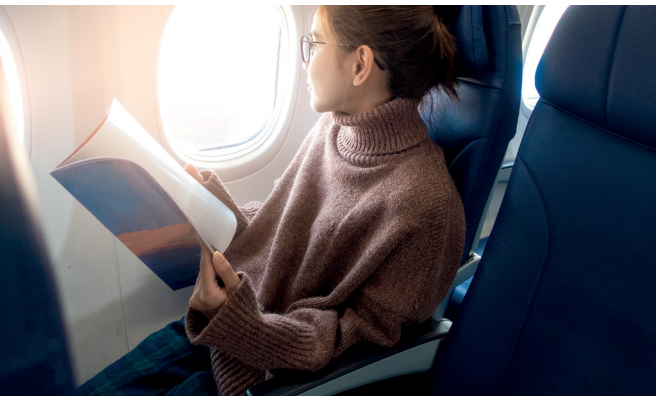

I obtained advanced training in genetics, cellular and molecular biology, drug discovery techniques, and various disease treatment approaches through the programme.

Agnes Gwenhure

Alumna, Master of Science in Molecular Medicine

Shine in the healthcare scene

Gateway to overseas pursuits

Take your academic path on a new adventure and explore global opportunities worldwide with IMU's Dual Masters Degree Pathway. IMU students have a direct pathway to universities and programmes in the United Kingdom, Australia, and the USA. Students also have the opportunity to be facilitated by renowned local and international experts in health professions education scene. This also offers students career advancement as a health professional in academia, research institutes, clinical settings or industries worldwide.

Our partner universities

- Flinders University is applicable to Postgraduate Certificate/Diploma/ Masters in Health Professions Education programme only.
- University of Arizona is applicable to Master of Science in Public Health programme only.
- University of Strathclyde and Rutgers University are applicable to Masters in Health Informatics and Analytics only.

Graduates of the Postgraduate Studies has various promising career pathways to a fulfilling and prosperous future. Graduates can be placed in any areas of clinical and non-clinical healthcare settings with their advanced research and analytical skills. Most may pursue opportunities in academia, contributing to research and teaching in healthcare administration programmes, universities, or research institutions. They can also pursue roles as healthcare consultants, advising organisations on strategic management and policy development. Entrepreneurial ventures are also an increasingly popular choice for those who want to establish healthcare startups or firms. Alternatively, PhD holders can aim for leadership positions in healthcare organisations, or choose to leverage their expertise to shape healthcare policy as analysts, advisors for government agencies or non-profit organisations.

Bursaries

- Up to 15% bursary for all self-funding IMU alumni
- 10% bursary of tuition fees for special groups
- One-off RM2,000 discount for applicants who are a sibling, spouse, or child of a current IMU student or full-time IMU graduate

Financial Assistance

- MARA Graduate Excellence Programme (GrEP) education loan

Learn without borders and find your distinct calling at IMU, Malaysia's only self-sustaining health-related university. Nurture your dedication to life-long learning, and prioritise becoming a competent and compassionate global leader.

• Collaborative, engaged mentorship

Every IMU student is assigned a mentor who will guide them through the duration of their selected programme and will offer advice on course selection, and career guidance. Additionally, every research student is assigned a team of supervisors who will guide them throughout their study period.

• Nurturing international partners and pathways

IMU is proud to offer its students a direct pathway to further their studies to international institutions in the United Kingdom, the United States, and Australia such as the University of Arizona, University of Strathclyde, Rutgers University, and Flinders University.

• Dynamic and insightful initiatives

Postgraduate students are also able to participate in round-table discussions, regular research presentation sessions, and the annual postgraduate symposium to widen their perspectives and keep up to date with the latest information in their field.

Throughout your journey, you will enjoy access to countless programmes, activities, inspirations, facilities, and opportunities to help you flourish and thrive throughout your journey in the world of healthcare. We look forward to welcoming you soon!
