Abstract Template

TITLE OF THE STUDENT PRESENTATION

Presenter First Name Presenter LastName[1], Other contributing authors such as graduate students[1], Supervisor First Name Supervisor Last Name[2]

[1]*Department of XXX, Presenter Institution Name, Street Address, City, State ZIPCODE*

[2]*Department of XXX, Supervisor Institution Name, Street Address, City, State ZIPCODE*

This document is an abstract template for the International Undergraduate Medical Research Conference 2021. The presenting author's name (student) should be underlined. The presenting undergraduate author should be first author and the research mentor should be the last author. Any co-authors should be included between the first and last authors. Affiliations should be included for all authors/co-authors and noted using superscript numbers.

The text of the abstract goes in this section. Each paragraph is indented with a tab. There is a maximum of 300-word for the body of the abstract. Abstracts that do not following this format, specifically the word count limit or formatting of the authors' names and affiliations, will be returned to the student for rewriting. The suggested content includes background, the research question, approach, experiments, results and conclusion. The abstract generally does not include figures or the data that you will put in the poster. Please check your spelling and grammar.

All abstracts **must** be reviewed and approved by the student's research supervisor or by an individual authorised by the supervisor to review and approve the abstract. Supervisors must confirm they have reviewed and approved the abstract with the understanding that the abstract will appear in an event program book. This template's word count is 218 words not including the title, author list and affiliation.
